Vorrede.

Der im Jahre 1803 verstorbene hiesige evang. lutherische Stadtpfarrer Herr Fried. Wilhelm **Spatz** hatte bereits im Jahre 1776 eine kurze Geschichte der Reformation — oder vielmehr eine historische Skizze des Übergangs der Stadt Speyer zu der Reformation des 16. Jahrhunderts unter dem Titel: **das evangelische Speyer**, herausgegeben und in der Vorrede den Entschluß ausgedrückt, eine ausführliche Geschichte dieser Reformation zu verfassen, weil er voraussetzte, daß diese Geschichte Speyers, wie schon in dem Anzeigeblatt gesagt wurde, dieser alten und berühmten Stadt, in welcher auf dem ewig merkwürdigen Reichstage daselbst vom Jahre 1529 die Bekenner der gereinigten evangelischen Lehre den Namen **Protestanten**

erhielten, keinem redlichen Protestanten, ja noch mehr, keinem unpartheiischen Geschichtsforscher gleichgültig seyn könne.

Nicht nur aber, daß dieser Vorsatz des Hrn. Verfassers, ohne Zweifel durch die Stürme der französischen Revolution, welche vom Jahre 1792 an, mit so vielen Schrecknissen auch über das sonst so friedliche Speyer ausbrachen, wobei auch die zahlreiche Bibliothek des rühmlichst genannten Herrn Pfarrers im Jahre 1794 eine Beute der französischen Ausleerungs-Commission werden mußte, vereitelt wurde; sondern es kam auch obenbemeldetes Werkchen, aus mir unbekannten Ursachen, gar bald aus den Händen des Publikums. Da nun seit einigen Jahren wiederum von mehreren Seiten her die Nachfrage nach demselben sich erneuert hat, so glaubte ich mich dazu entschließen zu dürfen, nicht nur dieses Werkchen selbst mit manchen zweckmäßigen Abkürzungen aufs Neue herauszugeben, wozu ich ein Exemplar desselben, das mir bei der Versteigerung der Büchersammlung des weil. Herrn Präsidenten Gosweiler in Speyer zu Theil wurde, be-

nutzen konnte, sondern auch die Nachrichten über die Geschichte der evangelischen Kirchen und Prediger meiner Vaterstadt durch sieben und fünfzig Jahre weiter, also bis auf den gegenwärtigen Augenblick mit Beifügung mehrerer dahin einschlagenden sehr interessanten Begebenheiten in dieser neuen Ausgabe fortzusetzen. — Wie sehr sollte es mich daher freuen, wenn nicht nur die Mittheilungen dieser Nachrichten und der angemerkten Noten, sondern auch der beigefügte Anhang in diesem Werkchen eine nicht unwillkommene literar. Erscheinung wäre; zugleich aber wünschte ich auch, daß dieses Unternehmen als ein Denkmal meiner herzlichen und noch nicht erloschenen Dankbarkeit gegen den, nun dreyßig Jahr vollendeten würdigen Prediger, in welchem noch viele redliche Speyerer mit mir, ihren Lehrer verehrten, angesehen werden möge.

I. Abschnitt.

§. 1.

Einleitung zur Reformations-Geschichte der Stadt Speyer,

aus den weimarschen Akten B. 1. S. 651 u. 652.

In den weimarischen Akten, und zwar im 1. Band, Seite 651 und 652, findet sich über diese höchst wichtige Begebenheit Folgendes:

„Über Obiges ist hier zu bemerken, daß annoch „vor der Reformation in dieser Stadt und den churpfäl„zischen Landen, 1529 und 1530, Gott an einem Pfar„rer (Anton Eberhard) in dieser Kirche (Egidien„kirche) einen solchen Mann erweckt habe, dem das ge„meine, damalen schon nach dem reinen Vortrage des „Wortes Gottes seufzende Volk wegen seines erbauli„chen Wandels und Lehre, mit hintangesetzter Besu„chung aller andern Pfarrkirchen in der Stadt, und „zum Verdruß der Clerisey zugelaufen seye, und dessen

„Predigten mit ungemeiner Begierde angehört habe.
„Weil denn bald darauf, oder um selbige Zeit, der
„Prior in dem Augustinerkloster, Michael Diller,
„das Wort Gottes rein und lauter vorgetragen, und
„von der Gemeinde einen gleichen Beifall bekommen,
„die Egidienkirche ohnehin zu klein, und zumal bei den
„Seuchen selbiger Zeiten, und besonders des englischen
„Schweißes, die räumliche Verbreitung der Gemeine
„nöthig gewesen, so nahm E. E. Rath hiervon Anlaß,
„nach einem in dem Monat Dezember 1538 gemachten
„merkwürdigen Rathschluß, den Pfarrer zu St. Egidien,
„und Michael Diller (Prior der Augustiner) gegen
„insgeheim zugesagte Belohnung dahin zu vermögen,
„daß jener mit seinen erbaulichen Predigten fortfahren,
„dieser aber in seiner Kirche je zuweilen frühe dem
„Volke das Wort Gottes nach der Anweisung der Lehre
„Christi verkündigen möchte, welches auch nach S. 646
„und 647 im Jahre 1540 geschehen, da in gleichem
„Jahre in dem Dominikanerkloster (jetzt kath. Priester-
„Seminar) unter der Information des ersten Gym-
„nasiarchae M. Johannes Myläus eine Schule
„angeordnet — Beede aber, Diller und Myläus,
„1548 vertrieben, und das Interim der Stadt aufge-
„drungen worden."

einer so merkwürdigen Epoche in dem angeführten, obgleich kurzgefaßten Berichte findet, so folgen hier richtigere, mehr bestimmte und hinlänglichere Nachrichten.

Lange vor den Jahren 1529 und 1530, also noch lange vorher, ehe jene genannten evangelisch gesinnten Prediger Eberhard und Diller aufgetreten, nämlich schon in dem 15. und Anfange des 16. Jahrhunderts, waren in der hiesigen Stadt Speyer unter der damals sehr zahlreichen Geistlichkeit *) nicht wenige Pfarrer und Prediger, welche als die herrlichsten Zeugen der evangelischen Wahrheit aufgestellt werden können und sollen, da sie den Verfall der guten Sitten einsahen und zeigten, auch die in die Lehre nach und nach eingeschlichenen Mißbräuche nicht verschwiegen, sondern rügten; welche öffentlich, besonders in denen von halb Jahr zu halb Jahr in dem hohen Domstifte gehaltenen wichtigen Synodalreden das Leben der damals größtentheils unwissenden Geistlichkeit scharf tadelten, und daher eine Reformation für nöthig erachteten, solche wünschten und hofften, welche auch nachmals der durch Luther angefangenen Reformation ihren bald stillen, bald lauten Beifall gaben, inzwischen

*) Nach Eisengreins Angabe waren im Domstifte allein 112 bis 114 Geistliche angestellt, ohne die Geistlichen der andern drei Stifter mitgerechnet.

aber das Evangelium von Christo mit Freudigkeit predigten.

Zum Beweiß dieser Erzählung mögen folgende Auszüge aus den gehaltenen Reden dienen.

§. 2.

Auszüge aus der von Jakob Hahn vor dem Clerus zu Speyer im Jahr 1439 gehaltenen Synodal-Rede.

Im Jahr 1439 am letzten April hielt Jakob Hahn in dem speyerschen Synod an die Geistlichkeit eine nachdrückliche Rede, worin er unter andern dieses sagte:

Concionatorum pars major totam fere aut magnam sermonis partem — „non ex Evangelico, qui Christus est, sed alio quodam Doctore“ — surripiunt — palam afferunt, et exponunt. Tutius agerent, si Evangelicis potissimum inniterentur scripturis, si, quae Jesus docuit, et ipsi docerent, si Christi dogmata, quae satis copiosa sunt, satis plana sunt, satis artua maxime lectu, auditu, quin repetitu dignissima sunt, elvolverent, matixarent, exponerent. Sic enim latissimum tam blebi, quam Clero praedicanti campum invenirent. Sic suis inutilibus Fabulis, apocryphis inventis, quoditianis, quas solas et sciunt, et faciunt, ob-

jurgationibus abstinerent. Sic non inter praedicantum reprehensuri cum ridiculo grammaticum istum Alexandrum allegarent.

Ego consultius esse putavi, si sacerdotibus sermonem — facturus ex summi Sacerdotis Christi Jesu et praedicatione commissum mihi officium absolverem. — Non videbor aptiorem loquendi Magistrum et directorem delegisse, quam eum, qui non modo Magister est et Dominus, sed ipsa etiam est via, veritas et vita, qui illuminat omnem hominem venientem in hunc mundum, de cujus plenitudine et doctrina omnes accepimus, cujus, denique sermo gladio ancipiti penetrabilior est. „Hunc in tota oratione mea capitalem babebo Dominum, Ducem et Autorem ejus potissimum utar persuadendi locis et generibus — ut ex ipso autore nostro Jesu Christo, praeceptore omnium optimo maximo, major oratione nostra habeatur fides et autoritas, ut in uberiorem sortiatur in auditoribus profectum, ut denique ad cordis nostri viscera intimius pertineat. Heißt auf deutsch also:

Ein ziemlich großer Theil von Predigern entnimmt beinahe den ganzen oder doch einen großen Theil ihres Vortrages nicht aus dem Evangelium, das Christus ist, sondern aus irgend einem andern Schriftgelehrten, tragen ihn öffentlich vor, und erklären ihn. Sie

würden weit sicherer thun, wenn sie sich an die Schriften des Evangeliums fest hielten; wenn sie die Lehren Christi ebenfalls lehrten; wenn sie die Grundsätze Christi, welche füllreich, deutlich, erhaben und vorzüglich des Lesens, Hörens, ja der Wiederholung sehr würdig sind, fleißig erforschten und erklärten. Denn auf diese Art würden sie sowohl dem Volke als dem Prediger ein sehr weites Feld eröffnen. So würden sie durch ihre unnützen Fabeln, durch Erfindung gemeiner Apokryphe, welche nur sie verstehen und machen, von allen Schmähungen befreyt seyn. So würden sie während des Predigens mit Gelächter getadelt, jenen gramatischen Alexander anführen.

Ich hielt es für gerathener, diese Priester von dem Predigtamte zu befreyen, vermöge der von Jesu Christi des obersten Priesters Voraussagung und der mir ertheilten Pflicht. Ich glaube nicht einen bessern Lehrer im Reden und ein Vorbild gefunden zu haben, als den, welcher nicht nur Lehrer und Herr ist, sondern ebenfalls der Weg, die Wahrheit und das Leben, der da jeden in diese Welt eintretenden Menschen erleuchtet, von dessen Fülle und Gelehrsamkeit wir alle empfingen, und dessen Rede endlich eindringlicher ist, dann ein zweischneidiges Schwert. Diesen werde ich in meiner ganzen Rede für den Hauptherrn halten, für einen Leiter und Urheber, und dessen Plätze und Arten

(Sätze und Stellen) zum Ueberzeugen werde ich mich vorzüglich bedienen, so daß selbst von unserm Urheber Jesus Christus, dem größten und beßten Lehrer aller Dinge, unserer Rede mehr Glaubwürdigkeit und Gewicht beigelegt wird, so daß sie sich bei den Zuhörern eines reichlichen Fortgangs zu erfreuen haben, und daß sie zuletzt einwirke auf die innerste Tiefe unsers Herzens.

Und in der Abhandlung über den Text Matth. 23 Auf Moses Stuhl u. s. w. Wehe euch Schriftgelehrten u. s. w. schilderte er der größten Anzahl nach die damalige Geistlichkeit also:

Sub spiritualium nomine censentur hodie Sanctissimi Domini Papae, Cardinalium, et ipsorem, qui apud nos sunt, Episcoporum Cancellarii — „quos omnes recte crediderim sub Scribarum nomine a Christo Jesu fuisse reprehensor."

Si Jesus Christus adhuc in humana, ut olim, natura et corporaliter — praedicaret, nemo dubitet, quin es ipsos — super innumeris corrasionibus, quas sciente Episcopo nec tamen emendante quotidie et quidem injustissime faciunt, acerbissime accussaret, corrigeret, et puniendo denunciaret.

„Numerosior eorum portio adeo in se lascivus gaudet, et voluptatibus, adeo scandalum proximo infert, et occasionem ruinae, adeo destestabilissima sua conversatione et sibi et proximo parat

iter ad infernum, ut quam forinsecus prae me fert, honestatem, pessimis suis moribus et falsa simulatione mentiatur.

„Ubi sunt, obsecro, Pontifices, qui quod „proprium est eorum officium, divinis ipsi insis„tunt sermonibus? „„Ubi pastores, qui ovibus „suis Fidei rudimenta et sacram doctrinam inte„pretantur? Ubi ecclesiae collegiatae Pastores „sibi ingurgitantes curam habent,"" quatenus po„pulus bene instituatur, pro quo tamen omnes „non lanam modo, sed et carnes et ossa de pec„catoribus suis auferunt, de manu eorum, qui „pondus dici et aestus portant, eripiunt, et in „sola vanitate et luxu consumunt." Auf deutsch also:

Heut zu Tage hält man viele unter dem Namen Geistliche für sehr heilige Herren des Pabstes, der Cardinäle und selbst der sich bei uns befindlichen Cancellar-Bischöfe. Von diesen könnte ich mit Recht sagen, Christus hätte sie alle mit dem Namen Abschreiber belegt.

Wenn Jesus Christus noch wie vormals, in menschlicher Natur und körperlicher Hülle predigte, so möchte wohl Niemand zweifeln, daß er sie wegen der unzähligen Zusammenscharrungen, um die der Bischof wohl weis, denen er aber nicht abhilft, und welche sie täglich und zwar auf die ungerechteste Art begehen, sehr

heftig beschuldigte, verbesserte, und die zu Bestrafenden anzeigte.

Der größere Theil derselben freut sich bei sich selbst sehr über seine Üppigkeit, und gibt durch seine Schwelgereien seinen Nebenmenschen einen sehr großen Anlaß zum Aergern und eine Gelegenheit zum Falle, und bereitet durch solche Unterhaltung sich und seinen Mitmenschen den Weg zur Hölle; ja er nimmt sogar, um seine verruchte Sitten durch eine falsche Aussenseite zu bemänteln, den Schein des Guten äusserlich an.

Wo sind, um des Himmels Willen, Priester, welche, was ja doch ihre Pflicht ist, sich auf die göttliche Gespräche stützen? Wo sind die Hirten, welche ihren Schafen die Grundlagen des Glaubens und die heiligen Lehren erklären? Wo sind Collegiatkirchen, welche Priester in sich fassen, die auch Sorge tragen, damit das Volk gut unterrichtet werde? von dem sie doch alle nicht nur die Wolle, sondern Fleisch und Knochen wegen ihren Sünden wegtragen, und das aus ihrer Hand entreißen, was jene schweißbedeckt tragen, und was dann diese nur in eitler Pracht und Schwelgerei verzehren.

Ferner: Si blebano tuo in sacris literis, quod perrarum est, longe fueris peritior, quare precor non propria dogmate arida populi tui irrigas prata, et uberiora scienti plebi tuae pocula fuggeris? Auf deutsch:

3.) Ferner: Wenn du deines Volkes wegen beſſer bewandert wäreſt in der heiligen Schrift, was jedoch ſehr ſelten iſt, warum, bitte ich, bewäſſerſt du nicht mit eigenen Glaubensſätzen die trockenen Wieſen deines Volkes, und verweileſt lieber bei vollen Pokalen, obgleich deine Gemeinde es weis?

4.) Abermals: Nonne igitur Sacerdotes nostri ante homines exaugent regnum coelorum? Cum sacram eis scripturam non interpretantur. Sed quomodo interpretabuntur? Cum eas nesciant: Et quomodo eas scient? Dum eis nunquam dederint operam intelligendis. Omnes de honore suo sunt studiosissimi, de honore autem Dei nulli, aut certe pauci. — Si populus decimas non abstulerit, murmurant omnes, si peccantem populum viderint, murmurat nemo. Vae vobis! Auf deutſch alſo:

4.) Vermehren daher nicht unſere Prieſter bei den Menſchen das Himmelreich? Wenn ſie ihnen die heilige Schrift erklären. Aber wie wird jene erklärt? Da ſie dieſelbe nicht verſtehen, denn wie verſtehen ſie jene, da ſie ſich nie Mühe gegeben haben, ſie zu verſtehen. Alle ſind um ihre Ehre ſehr beſorgt, um die Ehre Gottes kein Einziger, oder gewiß nur Wenige — Hat das Volk den Zehnten noch nicht entrichtet, da ſchimpfen ſie alle, ſehen ſie aber ein ſündhaftes Volk, alsdann läßt ſich keiner hören. Wehe Euch!

Es wäre noch vieles anzuführen, wenn man auch nur die merkwürdigsten Stellen aus dieser Rede anführen wollte.

Einige Stellen aus der von Jodocus Gallus auf bischöflichen Befehl gehaltenen Synodal-Rede Anno 1489.

Im Jahre 1489 mußte Jodocus Gallus auf Befehl des speyer'schen Bischofs auftreten, und in dem Synode eine Rede halten, aus welcher hier einige Stellen folgen:

5.) Sacerdos inquit: Gaudeo, quia ornata est mihi varii generis supellex.

Presbyter: Dic plane, quae Tibi sit gratior? An, ut sim augur ego tuus, gratissime est Tibi omnium, quam domi habes, famula pulchrior, lasciva, annorum duodeviginti et succi plena.

Sacerdotem hic habes confitentem et dicentem, Vae mihi! Rubor ingens obruit ora et verecundia nocentem me profiteor, velim, nolim.

Es gibt unzählige Menschen von der Art, was wir nur mit tiefem Schmerze erwähnt haben. Es sind daher unzählige Priester ungelehrt."

Welch Gemälde der meisten Geistlichen damaliger Zeiten! Zugleich welch ein deutliches Zeugniß der Rechtschaffenheit einiger Prediger, welche frei von der Brust gesprochen, das Wort Gottes lauter vorgetragen, und auf die Zeit einer höchst nothwendigen Reformation gewartet haben.

Ohne des allen bekannten speyer'schen Gelehrten, Dompredigers M. Dieser hat zehn Jahre zuvor, ehe Luther seine Reformation anfing, hier in Speyer schon gepredigt, vielen Zulauf gehabt, Fehler gezeigt. Aber dieß war die Ursache, daß er weggeschafft wurde.

So auffallend schrieb Wernher zu Luthers Zeiten; und in einem solch durchdringenden Tone predigte ebenderselbe in seiner St. Martins-Pfarrkirche, noch ehe an Luther in Speyer gedacht wurde.

Luthers Schriften in Speyer gedruckt. — Pabst Hadrian VI. Mißfallen darüber.

Speyerſche Gelehrte, einige zum Reichstag beſtellte Glieder des hieſigen Magiſtrats, und viele von der Bürgerſchaft ſahen und hörten ihn. Seine Disputation zu Heidelberg, ſein Vortrag zu Worms, und die dabei gezeigte Freimüthigkeit und Standhaftigkeit gefiel, und machte tiefen Eindruck auf die Herzen ſeiner Zuhörer. Das Evangelium, von ihm verkündiget, fand Beifall in Heidelberg, Worms, in der Pfalz, im Greichgau und hier in Speyer. Der Magiſtrat ließ dem Evangelio einen ungehinderten Lauf, ſo wie die Gemeinde der Stadt Speyer es verlangte.

Die erſten Schriften Luthers fanden in Speyer ſo viele Freunde, daß der Pabſt Hadrian VI (er war ein Deutſcher) ſich gegen das Ende des Monats Oktober 1522 bei dem hieſigen Magiſtrat beklagte, weil er vernehmen müſſen, daß Luthers Schriften zu Speyer promtissime (aufs Eiligſte), die katholiſchen aber nequaquam (durchaus nicht) gedruckt würden.

Auch ſchärfte es der Magiſtrat ſeinem zum Nürnbergiſchen Reichstag An. 1522 und 1523 verordneten Geſandten ein, ſich auf alle Art und Weiſe zu beſtreben, daß ein allgemeines Concilium befördert, und die kundbaren Mißbräuche ſammt dem unſittlichen Leben mehrerer damaligen Geiſtlichen abgeſtellt würden. Eine Begebenheit, welche zwar verurſachte, daß Kaiſer Karl V in einem aus Burgos in Spanien den 15. Juli 1524

nach Speyer erlassenen Schreiben deßwegen (wahrscheinlich dem Magistrat) einen Verweiß gab, wie auch ein Verbot beifügte, bei dem auf Martini angesetzten Reichstag nichts von der lutherischen Materie zu handeln; doch aber auch das mitwirken half, daß der damalige Reichsabschied so gestellt wurde, das heilige Evangelium und Gottes Wort zu predigen und zu lehren.

Begehren der Bürgerschaft zu Speyer, an die dortige Geistlichkeit Anno 1525.

Besonders zeichnet sich das Jahr 1525 in Absicht des dringenden Verlangens der Stadt Speyer'schen Bürgerschaft nach dem Vortrage des reinen Wortes Gottes und Abschaffung der erkannten Mißbräuche in der Lehre aus.

Dann am Montage nach dem Sonntage Quasimodogeniti, oder am 24. April, erschienen in der Versammlung der vier Stifter (Domstift, Allerheiligen, St. German und Moritz, und das St. Guidostift auf dem Weidenberg) Peter Brunn, Bürgermeister; Adam Bernstein, Wicker Grebus, Hans Mettenheimer und Wiprecht Kerch als Rathsdeputirte mit einem Ausschuß von 30 Bürgern, welche durch den

Stadtschreiber Diether Drawel das Begehren einer ehrbaren Gemeine zu Speyer der Geistlichkeit hinterbringen mußten. — Sie verlangten 8 Stücke, wovon aber nur zwei, die hieher gehören, angeführt werden sollen, und also lauten:

I. „Daß das Wort Gottes in allen Pfarren, „Klöstern und Kirchen gepredigt und verkündigt wer„den soll, lauter und klar, ohne alle menschliche Er„dichtung und Zusatz."

VIII. „Ist einer ehrsamen Gemein zu Speyer Bitt und Begehren, wo Zinns und Gülten, die in „Stiften, Klöstern und Pfarren zu Jahrszeiten, Vigi„lien und Seelmessen von unsern Eltern verordnet, „gesetzt und testirt sind, daß dieselben hinfürter todt „und abseyn sollen, aus diesen Ursachen, dieweil es „betrüglicher Weiß von den Alten genommen mit Über„redung, es käme denen Seelen im Fegfeuer zu Trost, „sammt andern finanzischen Erdichtungen. Nun aber „sich mit göttlicher Wahrheit befindet, daß es weder „denen Todten noch Lebendigen nützlich, sondern ver„dammlich, und die Genugbeschehung unnserer Erlö„sung Jesu dadurch verletzt, hoffen wir, es sollte billig „abgethan werden."

Weil nun die Speyerer diese Erkenntniß der vornehmsten Glaubenslehren durch einen theils schriftlichen, theils mündlichen Vortrag des Wortes Gottes

fanden, so drangen sie auch darauf, daß evangelische Prediger für sie aufgestellt werden sollten. Es zeigt sich solches aus einem Antwortschreiben, welches der Baarfüßer (Franziskaner) Provinzial Dr. Hoffmann auf Jakobi 1525 von Straßburg an den hiesigen Magistrat ergehen ließ. Hier ist ein Auszug aus demselben:

„Ich höre, daß Mangel an Prediger seye in mei„nem und Euerm Gotteshause — ich will euch Priester „schicken, als viel ihr wollt — verlangt mit nichten nit „Lutherisch predigen, oder Meßlesen. Ist es vonnöt„ten, so will ich selbst zu Euch kommen, mit Euch fried„lich zu handeln u. s. w.“

Es wurde auch in diesem Jahre 1525 in der Barfüßer Kirche (sie stand nebst dem Kloster auf dem Platze des jetzigen Bürgerhospitals, und begriff auch noch den Garten und den Platz des neuerbauten Hauses zum Rebstöckel des Stadtrathes Hrn. Andreas Müller) das Evangelium, aber nur eine kurze Zeit gepredigt, denn es wurde hohen Orten her sehr scharf verboten.

Jakob Beringer, ein Domvikar zu Speyer, übersetzt das neue Testament Anno 1527.

Inzwischen arbeitete ein frommer und exemplarischer Vikar des Domstiftes zu Speyer, namens Jakob

Beringer, ganz in der Stille an einer deutschen Übersetzung des neuen Testaments. — Es erschien solche in folgendem Jahre 1527 in öffentlichem Druck unter dem Titel:

„Das nuev Testament kurz und gründlich in ein „Ordnung vnd text, die vier Evangelisten mit schönen „Figuren durchauß geführt, samt den anderen Aposto„len. Und in kayserlicher Stadt Speir vollendet durch „Jakob Beringer Leviten. Im Jahr des heiligen „Reichstages 1526.

Und ist diß Buch gedruckt in Herr Jakob Beringers Kosten zu Straßburg vom Johannes Grieningern vf den Christabent an dem MD und XXVII Jare in Fol. 454 Seiten und 65 Kupfern.

Durch diese Arbeit machte sich Beringer in der katholischen Kirche zwar verhaßt, in der evangelischen aber, vorzüglich speyerschen Kirche, berühmt.

Es sind in diese Übersetzung einige der Hauptwahrheiten des Evangeliums, z. B. der Rechtfertigung eines Sünders vor Gott allein durch den Glauben nach Röm. 3 V. 28 u. f. eingeflossen. Daher auch derselbe Verfasser, von dem Weißlinger ein neuer Schwärmer seiner Zeit, so wie die gemachte Erklärung falsch und ketzerisch genannt worden. — Beweiß genug, daß auch dieser Beringer unter die Zeugen der

Wahrheit gehöre, welche Gott vor den Jahren 1529 und 1530 zu Speyer erweckte.

Zu einer Probe seines frommen Herzens und Verlangens nach der Ausbreitung des Evangeliums ist hier seine letzte Glosse am Ende des Evangeliums angeführt: „o Jesu, vnser aller Gott vnd Herr! hilf vns „dazu, daß dein Wort pur, reyn fürgetragen werd, „als du es bevollen hast, durch dein heylig Leyden es „befestiget, vnd versiegelt. Hilff, hilff, es thut vns „nott: alsdann wirstu wirken allezeit bey vnß. Dazu „hilff vnß der eynig ewig Gott, Vater, Sun vnd hei„liger Geist. Amen.“

Und Pag. 92: „Darum bitte ich dich, lies offt vnd „dick das heilig Evangelium, wann es hat eine solche „Kraft im Lesen vnd hören, die kein Mensch kann aus„sprechen ewig nit.“

§. 8.

Die Prediger des Churfürsten Johann von Sachsen und des Landgrafen Philipp von Hessen dürfen auf dem Reichstage zu Speyer nicht öffentlich predigen.

Schon in dem 1526sten Jahre offenbarte es sich deutlich, wie stark die Neigung der Speyerer zu evangelischen Predigern gewesen sei, und welche Begierde

sie belebte, das Evangelium zu hören. Der Reichstag wurde hier gehalten. Der Churfürst Johann von Sachsen und der Landgraf von Hessen erschienen persönlich. Sie brachten ihre Prediger, den Dr. Justus Jonas, Dr. Bugenhagen, Phil. Melanchthon (sein Vater hieß Schwarzerde; den griechischen Namen Melanchthon erhielt er von Reuchlin, der mit ihm verwandt war, und der ihn auch An. 1581 von Tübingen nach Wittenberg an die hohe Schule daselbst bestens empfahl. Er hatte öfters über 1500 Zuhörer) u. a. mit, und wollten solche öffentlich aufstellen, welches aber abgeschlagen wurde. Sie ließen daher in ihren Quartieren mit einem Zulauf von vielen tausend Menschen, welche sich durch nichts abhalten ließen, predigen.

Dieses verursachte, daß der Bischof Philipp von Straßburg, als kaiserlicher Rath und Commissär, eine Werbung der Religion wegen an den Magistrat thun ließ, welcher aber antwortete: „im Äusserlichen des „Gottesdienstes noch nichts zu ändern, sondern auf „den bevorstehenden Reichstag, oder auf das verspro„chene allgemeine Conzil zu warten.

2) Johann Faber war Bischof zu Wien und kam mit dem römischen Könige Ferdinand im Jahre 1529 auf den Reichstag nach Speyer. Er war ein heftiger Feind Luthers, und hatte in einer Streitschrift (in defens. Fidei cathol. pag. 62) wider Balth. Pacimontanum mit einfliessen lassen, Luthers Ehegattin seye im andern Monate nach der Hochzeit entbunden worden, weßhalb Luther in der Auslegung des 1. B. Mos. 39, V. 3. oft über ihn geklagt, daß er sich nicht scheue, auch die offenbarsten Lügen und Calumnien gegen ihn auszustreuen.

3) Die von dem königlichen Hofprediger Dr. Faber gehaltene Predigt handelte „von der Verwandlung des gesegneten Brodes (Hostie) in den wahren Leib unsers Herrn Jesu und der Anbetung desselben.“

schändliche Irrthümer öffentlich zu stärken und vorzutragen sich nicht scheue u.s.w. Faber erschrak über des Grynäus herzhaften und gegründeten Vortrag, wollte es sich jedoch nicht ansehen lassen, stellte sich demnach, als müsse er eilends zu dem Könige Ferdinand gehen, that daneben, als wenn er sehr gerne mit ihm von so wichtigen Sachen weitläufiger reden möchte, und bat Grynäus gar sehr, des andern Tages wieder zu kommen, welches denn Grynäus auch versprach, und ging hierauf zu Melanchthon, bei welchem noch mehrere Herren versammelt waren, und erzählte ihnen, was geschehen war; indem er damit beschäftigt war, wurde Melanchthon aus dem Zimmer gerufen, da ihn ein ganz unbekannter, aber dem Ansehen nach gravitätischer alter Mann anredete, und ihm anzeigte, daß augenblicklich die Stadtknechte kommen und Grynäus auf Befehl des Königs Ferdinand in Arrest nehmen würden; er solle demnach denselben sich eilends fortbegeben lassen. Auf welche Erinnerung sie sogleich aufstanden, Grynäus in die Mitte nahmen, und also durch „die Gasse nach dem Rhein zu führten," und so lange stille standen, bis er hinüber gekommen war. Bei der Zurückkunft aber erfuhren sie, daß die Stadtknechte, da sie kaum mit Grynäus fort gewesen, im Hause eingefallen wären, und denselben gesucht hätten. Weil nun Melanchthon nicht erfahren konnte, wer

der alte ehrwürdige Greis gewesen seye, so zweifelte er nicht, daß Gott durch den Schutz seiner lieben heiligen Engel den Grynäus in Sicherheit gebracht habe.

Da schon Viele an dieser Historie und an diesem Engel, oder wer er gewesen seyn mochte, gerathen haben, so soll diese Geschichte durch Nachstehendes in ein helleres Licht gestellt werden:

Nach der Erzählung des Melanchthon hatte Faber noch in der nämlichen Stunde, als Grynäus von ihm weggegangen war, also noch den nämlichen Vormittag, dessen gefängliche Anhaltung beschlossen, und hiezu den Befehl an den Rath ausgewirkt. Solcher mußte nothwendiger Weise an die beiden regierenden Bürgermeister zugestellt werden; diese waren Anno 1529 Adam von Berstein und Friedrich Meurer; beide waren nebst dem ganzen Magistrat schon längere Jahre evangelisch gesinnt, wie denn auch Meurer aus dem alten und vornehmen Geschlechte der Münzjunkern zu Speyer 47 Jahre Bürgermeister, und zusammen 55 Jahre, als von 1519 bis 1575 in dem Rath gewesen war. Diesem ging das, dem benachbarten und berühmten Lehrer Grynäus bevorstehende Unglück dergestalt zu Herzen, daß er eine augenblickliche, schnelle Rettung des Grynäus beschloß, die auf folgende Weise veranstaltet wurde. Da nicht über 75 Schritte hinter dem Hause des Bürgermeisters Fried. Meurer, ohnweit der Heerd- oder

geachtet; denn man hatte aufgezeichnet, daß in den auf den Palmsonntag Morgens und Nachmittags abgelegten Predigten bei 8000 Zuhörer gewesen sind.

Rheingasse, der alte ehrwürdige und in Ruhestand versetzte Greis und Stadtschreiber Michael Geilfuß wohnte, der sich „durch zwei enge Gäßchen," ohne viel von den Leuten gesehen zu werden, in Melanchthons Wohnung in der Heerdgasse, wo damals lauter schöne große Häuser und Palläste standen, und wo auch der Churfürst von Sachsen wohnte, hin und wieder zurück begeben konnte, so übertrug der Bürgermeister Meurer dem Stadtschreiber Geilfuß, sich eiligst durch die nächst seiner Wohnung gelegenen „zwei engen Gäßchen" in Melanchthons Wohnung zu begeben, und denselben von der Herannahung der Stadtknechte, welche den Grynäus gefangen nehmen sollten, in Kenntniß zu setzen; worauf sich Geilfuß in größter Eile auf den Weg machte, und die geheime Commission bei Melanchthon, den er eben mit seinen Freunden beim Mittagsmahle antraf, auf das Pünktlichste ausrichtete, welches um so schneller geschehen konnte, da es von des Stadtschreibers Wohnung bis zu Melanchthon ohngefähr nur 125 Schritte waren. Auch hatte der Bürgermeister Meurer den Stadtknechten den Befehl gegeben, „daß sie den Grynäus nur zu Hause gefangen nehmen, nicht aber auf der Straße ihm nacheilen oder ihn aufpacken sollten," welches sehr leicht hätte geschehen können; und auf solche Weise ist dieser große Theologe

Auf eine solche Art wurde das Evangelium immer bekannter; dieß machte, daß die Speyerer gar keine

durch Meurer und Geilfuß, nicht aber durch einen wirklichen Engel, den Nachstellungen und Fallstricken des Dr. Johann Faber entgangen. — Was die vorhin besagten „zwei enge Gäßchen" betrifft, so ist zu bemerken, daß es die Hälfte des kleinen Engelsgäßchens, so aus der Juden-, in die Webergasse und des Taubengäßchens, das noch heute aus der Weber- in die Heerdgasse führt, gewesen, und somit anzunehmen ist, daß der Bürgermeister Fried. Meurer in der Pfaffen-, und der alte Stadtschreiber Mich. Geilfuß in der Judengasse, zunächst dem Engelsgäßchen gewohnt haben.

Von der großen Engelsgasse führte das kleine Engelsgäßchen, durch mit Mauern eingefaßte Gärten in die Judengasse, durchschnitt dieselbe und führte in die Webergasse, aus welcher man, wie gesagt, durch das Taubengäßchen in die Heerdgasse gelangt.

Der erste Theil des kleinen Engelsgäßchens, der von der großen Engels- in die Judengasse führte, wurde durch Ankauf von der Stadt im Jahre 1820 ein Eigenthum des hiesigen Stadtraths, Bau- und Zimmermeisters Hrn. Jakob Rauch. So ist die zweite Abtheilung dieses Gäßchens, das aus der Juden- in die Webergasse zwischen zwei hohen Mauern durchführte, ebenfalls durch Ankauf von der Stadt, ein Eigenthum des hiesigen Bürgers und Kiefermeisters, Hrn. Michael Schirmer, um obige Zeit geworden.

Gleich bei dem Eingange aus der großen in die kleine Engelsgasse bezeichnete eine große, bis jetzt noch unversehrt erhaltene, steinerne Platte, eine höchst denkwürdige Begebenheit, die mit schöner deutscher Frakturschrift nachstehenden Inhaltes zu lesen ist:

Da auch noch dieser Denkstein mit der Inschrift: CHRISTOPH - VON - MINCHINGEN - THOMSENGER - und mit dem Wappen eines gekrönten Löwen geziert ist, so ist es wahrscheinlich, daß der Domsänger Christoph von Minchingen in dem ehemaligen Domherrnhause in der großen Engelsgasse (das ebenfalls jetzt ein Eigenthum des Hrn. digern wendeten, oder zu Hause die im Druck erschienenen deutschen Bücher lasen. Fast niemand besuchte die katholischen Kirchen, eine Predigt anzuhören; worüber von Seiten des Bischofs zu Speyer, als auch des Erzbischofs zu Mainz Klagen entstanden; allein die Bürgerschaft blieb bei ihrem Begehren und ihrer Gesinnung, das Wort Gottes rein und lauter, ohne alle menschliche Erdichtungen und Zusätze, auch in den Stadtkirchen zu vernehmen.

Nun fand die Bürgerschaft an dem Egidienpfarrer Anton Eberhard (noch Anno 1532 versah dieser Pater Antonius Eberhard, Prior der Carmeliter in Speyer, die Egidienpfarrei in der Altburger Vorstadt) und dem Augustinerprior Michael Diller in oft erwähntem Jahre 1529 solche Männer, welche evangelisch predigten; und diese beide waren es, welche nachmals von dem Magistrat als Prediger eine Verehrung erhielten.

In den weimarischen Akten wird es ungewiß angegeben, ob der Prior Diller zu eben dieser Zeit, oder bald darauf mit seinen erbaulichen Predigten angefangen habe? Allein es ist ganz gewiß, daß er nicht nur in seinem Kloster, sondern auch fast in allen Kirchen der Stadt um diese Zeit und nachher, bis er vom Magistrat aufgestellt wurde, geprediget habe. — Man erwäge daher Folgendes:

Diller hat sowohl nach jenem angeführten Bedenken der Herren Dreizehner, als auch Kraft eines von ihm selbst aufgesetzten und nachmals dem Kaiser Carl V. überreichten Berichts seiner Lehre und Predigten halber lange vor dem Jahre 1538 — zwei Jahre in E. E. Raths St. Georgen Pfarrkirche — vor diesem viele Jahre in der St. Martinskirche (sie stand in der dermaligen Baumschule) — vorher im Domstift, im Kreuzchor, im Kreuzgang, eine Zeitlang zu St. Guido auf dem Weidenberge, zu St. Bartholmä und im deutschen Hause, und nach Dillers eigenen Worten von der Justification (Rechtfertigung) und guten Werken eben so wie jetzt, da er verklagt worden, ohne männigliche Strafe und Einrede — gelehrt und geprediget.

Auch hat der Magistrat, da die Wiedertauferische Lehre hier einschleichen wollte, keines andern Geistlichen sich bedient, als des Dillers, welcher auch

viele Mühe mit ihnen hatte. Dieß war noch lange vor dem Reichstage 1529, dann auf denſelben wurde ein ſcharfes Edikt gegen die Wiedertäufer publicirt.

Errichtung einer evangelischen Rathsschule im Predigerkloster, dermaligem katholischen Priester-Seminar zu Speyer Anno 1540. — Reformationsjahr der Stadt.

Was hier in der Stille geschlossen worden, wurde mit dem Jahre 1540 wirklich und öffentlich ausgeführt. Und dieses 1540ste Jahr kann man auch als das Reformations-Jahr der Stadt Speyer betrachten. Denn in diesem Jahre stellte der Magistrat nicht nur den Michael Diller als einen Stadt Speyer'schen evangelischen Prediger in der Augustinerkirche öffentlich auf, sondern führte auch zu gleicher Zeit seinen neu berufenen Gymnasiarcham primum scholae Senatoriae, den M. Johannes Myläus in besagtem Predigerkloster feierlich ein, daß er daselbst unter dem Beistande einiger Baccalaureorum die speyer'sche evangelische Jugend in Sprachen, Künsten und Wissenschaften unterrichten sollte.

Hierüber folgt aus Phil. Simonis Beschreibung der Bischöfe zu Speyer folgender Auszug: „In „diesem Jahr 1540 haben die von Speyer wider die„ses Bischofs (Philipp II. von Flörsheim) willen „einen eigenen Prediger, den Prior zu denen Augusti-

„nern, daselbst aufgestellt, der dann einen großen Zu„lauf in seinen Predigten überkommen, hat sich doch „mit seinen Predigten noch eines mittlen Weges ge„halten. Dazu haben die von Speyer, wiewol sy viel „ehrliche Schulen in den stiften daselbst gehabt, eine „newe eigene Schul in dem Predigerkloster angericht, „und haben weder dieser Bischof, noch Kaißer Carl „der 5te, als er des Jahrs 1541 in eigener Person im „Januario in Speyer gewesen, am Rath nit vermö„gen können, daß sie diese zwei Stück endern wöllen, „sondern haben Sie behalten, allein waren Sie beyde, „der Prior und Schulmeister, wie der Kaißer kommen „ausgetreten, und nach seinem Abreißen stellten sie sich „wieder in Ihre Verwaltung ein."

Zur Erläuterung des Phil. Simonischen Berichtes — Diller habe sich in seinen Predigten noch eines mittlen Weges gehalten, wird hier noch Folgendes angeführt:

§. 12.

Wichtige Stellen aus des Augustiner-Priors Michael Diller in Speyer Anno 1541 und 1543 gehaltenen Predigten.

In dem Jahre 1541 predigte Diller von der Rechtfertigung und den guten Werken. — Dieser Pre-

digt wegen wurde er bei dem Kaiser Carl V. eben so wie bei dem Bischof von Speyer verklagt. Diller mußte sich, weil es der Magistrat selbst haben wollte, verantworten, welches er auch schriftlich that.

Laut eines im Jahre 1776 noch vorhanden gewesenen Aufsatzes predigte Diller:

„Erstlich: So der Mensch fromm und vor Gott „gerecht werden will, so müssen ihm seine Sünden aus „lauter Gnade und um des Verdienstes Christi willen „vergeben werden, welche Gnade und Gemeinschaft „Christi er, der Sünder, durch einen lebendigen Glau„ben an Christum, und nit anders erlangen möge."

„Zum Andern: Daß aus solchem Glauben, der „eine Gabe Gottes, gewißlich gute Werkh, nachdem „sie in Glauben und Liebe geschehen, Gott gefällig „seyen, daß auch Gott aus Gnaden die gute Werkhe „zeitlich und ewig belohnen werde." — Den Beweis dieser Lehre führte Diller aus der heil. Schrift mit vielen Citaten aus lateinischen und griechischen Kirchenvätern ꝛc.

Auf den Sonntag Esto mihi im Jahre 1543 predigte er über den folgenden Satz:

„Daß nicht allein dem Priester über dem Altar „in der Meß, sondern auch dem Layen das heilige „Sakrament unsers Herrn Fronleichnams unter beiden „Gestalten gebüre und empfangen soll, und welcher

Digitized by Google

„anders leere und thue, der leere und thue unrecht.“

Am Sonntag Laetare war der Inhalt seiner Predigt folgender:

„Auch in der Meß ist kein Opfer, zudem auch keinem andern nützlich, dann dem, der sie ließt.“

Daß diese beiden Vorträge Dillers großes Aufsehen und Lärmen mögen gemacht haben, ist leicht zu erachten. — Er wurde deßwegen abermals verklagt und mußte sich rechtfertigen, welches er auch in einer 7 Bogen starken schriftlichen Verheidigung that. Er fuhr jedoch fort, evangelisch zu predigen und das Abendmahl des Herrn der Gemeine unter beiden Gestalten mitzutheilen.

§. 13.

Prior Diller entfernt sich bei der Ankunft Kaiser Carl V. auf dem Reichstage zu Speyer Anno 1544.

Darauf erfolgte der im Jahre 1544 zu Speyer gehaltene Reichstag. — Kaiser Carl V., der Churfürst von Sachsen, der Landgraf in Hessen und viele andere der vornehmsten Reichsstände erschienen persönlich und — Diller mußte sich entfernen. Die evangelische Gemeinde aber hatte die beste Gelegen-

heit, das reine Wort Gottes zu hören. Der Churfürst hatte dießmal den Dr. Justus Jonas, den Friedrich Mykonius und andere Geistliche mitgebracht. Diese und des Landgrafen von Hessen aufgestellten Prediger hörten die Speyerer mit großer Begierde. Der Kaiser ließ zwar gleich im Anfange des Reichstages an die evangelischen Fürsten begehren, sie sollten in ihren Quartieren und nicht in der Barfüßerkirche predigen lassen; worauf der Churfürst von Sachsen folgende merkwürdige Antwort gab: „Es sey in dem Kloster nur noch ein einziger Mönch, und in der Kirche habe man längst nicht mehr die päbstlichen Gebräuche geübt."

Doch gaben die Fürsten nach, und ließen in ihren Quartieren predigen. Der Reichstag wurde geendiget, und der Prior Diller stellte sich in seinem Amte wieder ein. Als nun inzwischen die Gemeine immer zahlreicher wurde, beschloß der Magistrat am 15. Dezember 1545 Folgendes: „Daß zu dem Prior noch ein „Prädikant, er sey seines Ordens oder nicht; er seye „im Ehestande oder nicht, wann er nur in der Leere „Ime zustimme, bestellt und angenommen werden „solle, dergestalt, daß derselbe nicht sogleich zur Prä„dikatur aufgestellt, sondern daß er sammt dem Prior „die Kinder lehre, den Catechismum an die Hand „nehme, die Sacramente administrire, die Kranken, „die sein begehren, visitire, mit christlicher Lehre

„unterweise und tröste. — So dann derselbe befunden, „daß Er in allem geschickt, uffrecht, und dem Prior „in der Lehre gleichförmig, daß Er alsdann auch „predige.“

§. 14.

Kaiser Carl V. kommt Anno 1548 abermal nach Speyer; Diller, Myläus, Rector der evangelischen Rathsschule, und der Stadtschreiber Johann Eßlinger werden aus der Stadt verwiesen.

Der oben am 15. Dezember 1545 gefaßte Rathsschluß konnte nicht ausgeführt werden. Es kamen solche Hindernisse, welche der Magistrat nicht aus dem Wege räumen konnte, und Diller blieb ohne Gehülfe. — Man sah alle Vorboten eines verderblichen Krieges, der auch leider! geführt wurde. Zu diesem kam noch das Jahr 1548. Ein Jahr voll der bedenklichsten Begebenheiten in der evangelischen Kirche überhaupt, besonders auch in der zu Speyer.

Der Kaiser Carl V. kam selbst in die Stadt, und mit ihm ein ansehnlicher Theil seines Kriegsheeres. Er ließ den 30. August durch seinen geheimen Rath, den Bischof von Arras, und durch einige andere den Magistrat fragen: „Wie die von Speyer sich in

der Religion zu halten gedächten?“ — Statt hier alle damals gepflogene Unterhandlungen anzuführen, wird blos bemerkt, daß das Interim angenommen und der Bürgerschaft publicirt wurde. — Diller und Myläus, welche von dem eben zu dieser Zeit zu Speyer anwesenden Augustiner-Provinzial Christoph Fischer beim Kaiser hart verklagt worden waren, mußte der Magistrat auf wiederholten kaiserlichen Befehl nebst dem Stadtschreiber Eßlinger aus der Stadt verweisen (Eßlinger wurde hernach Rathsredner oder Prokurator in Straßburg).

Kein Prediger durfte angenommen, die Rathsschule sollte nicht nur aus dem Dominikanerkloster weg- sondern gar abgeschafft werden, und die Jugend wieder in die vorigen Stiftsschulen eingeführt werden. Dieses Letztere aber that der Magistrat nicht, sondern verlegte die Schule in die Bäckerzunft-Stube, und nahm zu den Bacculaureis noch einen neuen Lehrer, den Israel Achatius, Boßler genannt, den 29. August 1549 an, auf welchen Michael Clodius von Landau im Jahre 1558 folgte.

Klagen der katholischen Geistlichkeit wegen Vernachlässigung des Kirchenbesuchs und anderer Kirchengebräuche.

Der wenigste Theil der Bürgerschaft ging inzwischen in die katholischen Kirchen. Die Bürger gingen entweder über Feld, um evangelische Predigten zu hören, oder lasen zu Hause, wo sie Versammlungen hielten, evangelische Predigten und Bücher. Auch bekam die Bürgerschaft große Verdrüßlichkeiten wegen der Kindertaufe mit den Geistlichen, wie auch beim Absterben evangelisch gesinnter Personen.

Auch der Magistrat offenbarte im Jahre 1548 seine gänzliche Abneigung an den bisherigen Gebräuchen der katholischen Kirche, z. B. am Palmsonntage und an darauf gewöhnlichen Prozessionen, die öffentlich gehalten wurden — „Niemand vom Rath erschien."

Von Seiten der kath. Geistlichkeit klagte man, und der Magistrat ließ klagen, welcher darauf seinen Gesandten auf dem Reichstag zu Augsburg die Instruktion gab, daß dem kaiserlichen Vertrösten nach alle Dinge gottselig und christlich, allen Affekt hintangesetzt, nach göttlicher und der alten Väter Lehre fürgenommen und beschlossen, auch eine nützliche Reformation

aufgerichtet, und alle unrechten Lehren und Mißbräuche der Gebühr nach abgestellt werden möchten u. s. w.

So wartete man mit Sehnsucht auf bessere Zeiten.

Vortheile der evangelischen Kirche zu Speyer durch den Passauer Vertrag Anno 1552, und den bald darauf erfolgten Religionsfrieden Anno 1555 (Markgraf Albrechts Plünderung des Doms zu Speyer.)

Mit diesem machte Gott den Anfang im Jahre 1552, da der Passauer Vertrag errichtet wurde, nach welchem unter andern Vortheilen der evangel. Kirche auch dieses für Speyer erfreulich und heilsam war, daß das kaiserliche Reichskammergericht, so hier seinen Sitz hatte, auch mit evangelischen Personen besetzt wurde, dessen Einfluß in die völlige Reformation der Stadt und Ausbreitung des Evangeliums in den folgenden Zeiten nicht gering war.

In eben diesem Jahre 1552 kam der Markgraf Albrecht von Brandenburg*) mit seinem Heere nach

Stifter. Vieles Geld, das sich im Schatzgewölbe des Doms befand, und wegen plötzlichem Ueberfall nicht fortgebracht werden konnte, ward ihm zur willkommenen Beute. Die Freibriefe und Giltbücher des Domkapitels wurden verbrannt und viele reiche Meßgewändter geraubt. Als alle Kisten und Gewölbe ausgeraubt waren, wurden die Glocken ausgehoben und nebst den Bleiplatten, womit die sämtlichen Dächer des Doms bedeckt waren, aufgebrochen und fortgeführt. Doch hielt ihn die flehentliche Bitte des evangelischen Magistrats von der gänzlichen Zerstörung des Doms ab. Von Speyer aus zogen Albrechts Haufen durch alle Aemter und Vogteyen des Bischofs plündernd umher, und brandschatzten sie so, daß das Geld auf Wägen fortgeschaft wurde; und als drei Vogteyen des Bischofs nichts an Albrecht zahlten, ließ er die Maden- und Kastanienburg abbrennen. Neun Aemter erlagen den raubenden Horden, und zahlten weit über 100,000 Gulden. Das Kißlauer Amt zahlte 20,000 Thlr. — Bruchsal mit dem Stifte 24,000 Thlr. — Udenheim (Philippsburg) 20,000 Gulden. — Grumbach 6000 Gulden. — Rothenburg 6000 Thlr. — Kirrweiler 30,000 Thlr. — Edesheim und Hainfeld 1000 Thlr., und Lauterburg 5000 Gulden. — Madenburg, die Probstei Weißenburg und das Amt Landeck gaben nichts. — Noch muß nachträglich bemerkt werden, daß, als Pfalzgraf Otto-Heinrich nach den reichen Meßgewändtern des Doms zu

Domstifts nicht geschont haben, wenn er nicht, wie Eisengrein selbst rühmet, durch die Fürbitte des evangelischen Magistrats davon abgehalten worden wäre.

Endlich kam mit dem Jahre 1555 die lang gehoffte und sehnlichst erwünschte Zeit. — Der Reichstag zu Augsburg wurde angesagt, und der Magistrat zu Speyer gab seinen Abgeordneten die Weisung: „Mit allem Ernst und Eifer dahin zu trachten, daß einem jeden Stand frei stehen sollte, sich einer von den Religionen, der Römischen oder Augsburgischen, wie er die getraue gegen den allmächtigen Gott zu verantworten, zu gebrauchen und deren anzuhangen; auch daß keiner den Andern deßwegen vernachtheilen, bekriegen, oder des Seinen entziehen, verändern, abwenden oder beleidigen sollte, bis auf Vergleichung eines freyen Concilii, oder andere Wege u. s. w.“

Der Reichstag wurde gehalten, und Gott lenkte die Herzen der Rathschlagenden zur Einigkeit, und die Kirche erhielt in diesem Jahre 1555 zu Augsburg den edlen Religionsfrieden; wofür Gott gelobt sey.

Speyer lüstern war, und Albrecht ihm ein Geschenk damit zu machen gedachte, so wurden sie in das deutsche Haus gebracht, und daselbst eingepackt. Doch sind ihm die Kleinodien der Stiftskirchen entgangen.

§. 17.

Der Magistrat zu Speyer entzieht a) den Katholiken mehrere Kirchen, widmet sie dem evangelischen Gottesdienste, und besetzt sie b) mit evangelischen Predigern.

Aus dem bisher Angezeigten ersieht man deutlich, daß das Wort Gottes nach der heiligen Schrift nicht nur von den evangelischen Gesandtschaftspredigern in ihren Quartieren, sondern auch von einigen andern speyerschen Predigern, besonders aber von dem Prior Mich. Diller fast in allen Kirchen, und von dem Anton Eberhard in der St. Egidienkirche der Gemeine rein und lauter seye vorgetragen worden.

a) Von den Kirchen nun, welche der Magistrat dem evangelischen Gottesdienste widmete, und von den Predigern, welche eben derselbe aufgestellt und besoldet hatte, ist Nachstehendes zu merken.

Die Stadt Speyer'sche Bürgerschaft hatte theils vor, theils während dem großen Interregno (da von dem Tode Kaiser Friedrich II. im Jahre 1250 bis auf den Kaiser Rudolph I. von Habsburg, oder bis zum Jahre 1273, somit 23 Jahre lang, das deutsche Reich ohne ein ordentlich erwähltes und von allen Ständen des Reiches anerkanntes Oberhaupt war) den vier Bet-

telorden, den Franziskanern (die man auch Barfüßer nennt), den Augustinern, den Predigern oder Dominikanern und den Carmelitern Klöster und Kirchen erbaut, und solche dotirt. Da nun die Bürgerschaft zu Speyer den evangelischen Gottesdienst hier eingeführt haben wollte, so nahm der dazu ganz geeignete Magistrat 1. die Augustinerkirche, und stellte darin nach Pfingsten 1540 den Prior Diller öffentlich auf. Sodann 2. die Prediger- oder Dominikanerkirche in eben diesem Jahre 1540, und legte darin die evangelische Rathsschule an.

Diese beiden Kirchen wurden gebraucht bis auf das Interim. 1548 — Zu diesen beiden Kirchen gehörte in unterschiedenem Betracht auch noch 3. die St. Egidienkirche in der Vorstadt am Landauer- oder früher St. Gilgenthor, in welcher auch einige Jahre vor dem Religionsfrieden das Evangelium rein und frei verkündiget wurde.

b) Von den Predigern. Der erste und eigentliche ist Michael Diller. Er war vorher Prior in dem oft berührten Augustinerkloster. — Von dem Magistrat im Jahre 1538 in der Stille angenommen, und im Jahre 1540 öffentlich als Reichsstadt Speyer'scher evangelischer Prediger, oder nach dem gewöhnlichen Worte als Prädicant aufgestellt.. — Er mußte etlichemal, aber Anno 1548 die Stadt gänzlich verlassen. Nachher

wurde er Superintendent und Hofprediger zu Neuburg bei dem Pfalzgrafen Ott-Heinrich. Und als dieser Churfürst in der Pfalz wurde, kam er mit ihm nach Heidelberg, wo er auch Anno 1570 starb *).

Zu Michael Diller gehört auch noch Anton Eberhard, Pfarrer an der St. Egidienkirche, weil ihm der Magistrat von Zeit zu Zeit eine Verehrung gab. Wie lange er an dieser Kirche stand, findet sich nicht; aber zu bemerken ist, daß Georg Muspach, ein Licentiat und Vicarius, am 26. Juni 1540 im Namen des

Ueberdieß waren auch noch im Anfange des französischen Revolutionskrieges viele Briefe im Original von Diller vorhanden, welche er vom Jahre 1548 bis 1554 an den hiesigen Magistrat schrieb, worin sich kein Wort von einem Dienst, noch weniger von einer Hofpredigerstelle findet.— Erst im Jahre 1554 gedenket er seines gnädigen Fürsten und Herrn, und als Hofprediger unterschrieb er sich erst im Jahre 1555.

II. Abschnitt.

wie auch:

von der Anzahl, dem Titel und der Beförderung der evangelischen Geistlichen an diesen Kirchen in besagtem Zeitraume.

Gleich nach dem zu Augsburg im Jahre 1555 abgeschlossenen Religionsfrieden ließ der Magistrat sich angelegen seyn, solchen zur Ehre des göttlichen Namens, zur Ausbreitung des Evangeliums, und zum Besten der evangelischen Bürgerschaft zu Speyer anzuwenden, vor Kirchen zu sorgen, und dieselbe mit evangelischen Predigern zu besetzen. Der Magistrat widmete also neuerdings gleich mit dem Anfange des Jahres 1556 dem evangelischen Gottesdienste

I. Die Augustinerkirche.

Da aber solche einer so zahlreichen Gemeine gar bald zu klein wurde, so bereitete der Magistrat zu gleichem Gebrauche im Jahre 1561

II. Die St. Georgen- oder Spitalkirche,

in welcher der Rath das Jus patronatus auch in den ältesten Zeiten ausgeübt hatte. Da aber diese Kirche die täglich zunehmende Gemeine auch nicht mehr fassen konnte, besonders da das kaiserl. Kammergericht nach und nach mit mehreren evangelischen Assessoren, Advokater und Procuratoren und andern dazu gehörenden Personen besetzt wurde, so dachte der Magistrat an die Errichtung einer größern Kirche, und erwählte dazu im Jahre 1569

III. Die Prediger- oder Dominikanerkirche*).

*) Diese Kirche nebst dem Klostergebäude wurde ebenfalls, so wie die ganze Stadt, auf Pfingsten im Jahre 1689 von den Franzosen in die Asche gelegt; und in ihr war es geschehen, daß die Soldaten des allerchristlichsten Königs Ludwig XIV, während noch die schwarzen Rauchwolken der niedergebrannten Stadt gegen Himmel stiegen, ein Cruzifix mit anhangendem Christusbilde heraus trugen, und ein Offizier mit einer Spießruthe mit den gotteslästerlichen Worten: Marche, Bougre. marche! auf das Bild schlug.

Bei der Wiedererbauung der Stadt im Anfange des 18ten Jahrhunderts verwahrte sich der evangelische Magistrat feyerlich das Recht der Wiedererbauung des Langhauses der Kirche, um sie mit der Zeit dem evangelischen Gottesdienste wieder zu widmen. Der Thurm des Langhauses mit 2 Glocken und einer Schlaguhr stand zunächst dem Rosengäßlein. — Das Chor der Prediger hatte ebenfalls ein Thürmchen mit Glocken und einem Uhrwerke. Die Predigermönche bauten bald nach erhaltenem Frieden das noch heute stehende Chor der Kirche wieder auf, und verrichteten ungestört ihren Gottesdienst in demselben bis zum Jahre 1794, wo diese, so wie alle andere Kirchen der Stadt, neuerdings durch die damaligen französischen Freiheitssöhne ihrer Altäre, Fenster, Orgel und Glocke beraubt wurde; auch das Klostergebäude verlor seine Fenster, Oefen, Thüren, Fußböden u. dergl., und Kloster und Kirche dienten bei 10 Jahren den Knaben als Spielplatz.

Der Magistrat aber dachte jedoch zur Zeit des Friedens nicht mehr an die Wiedererbauung des Langhauses oder Schiffes, sondern ließ den Platz in seiner Verwüstung liegen, bis endlich nach Abtretung des linken Rheinufers an die Franzosen diese, so wie die meisten Kirchen, Klöster und andere Liegenschaften der Fürsten, der Geistlichkeit und des Adels, als französisches National-Eigenthum betrachtet, in Mainz öffentlich an die Meistbieten-

den veräussert wurde, und somit in fremde Hände kam, auf welchem Wege denn auch das Predigerkloster an den Tabaksfabrikanten, Hrn. David Scharpf, die Kirche aber nebst dem Platze des Langhauses und des Kirchhofes an den gewesenen hiesigen Bürger und Kaffeewirth (Onkel des Herausgebers), Jakob Wagner, als bürgerliches Eigenthum zugeschlagen wurde, der dann die verbrannten Mauern abbrechen, den ungeheuern Schutt auf dem Platze selbst versenken, das ganze Terrain zu einem Garten, und die ruinirte Kirche mit großen Kosten in einen „Tanzsaal" unter der Benennung „Hoheburg" einrichten ließ, zu welchem Gebrauche denn dieses Gebäude bis zu dem Tode Wagners und seiner Ehegattin dienen mußte.

Durch einen frühern Ankauf wurde das Klostergebäude zu einem Priester-Seminar hergestellt und eingerichtet, und die alte ehrwürdige Predigerkirche wurde gleichfalls durch Ankauf ihrem ursprünglichen Zweck wieder zurück gegeben, zu einer Kirche nach altem gothischem Style zum Theil neu aufgeführt, und somit nach Verlauf eines Zeitraums von vierzig (1794 ruinirt, 1834 wieder erbaut) Jahren dem Gottesdienste wieder geheiligt.

Denn als der Bischof zu Speyer, Philipp Christoph von Sötern, Churfürst zu Trier geworden war, bemerkte man an diesem Herrn eine gänzliche Gemüthsänderung, und dabei ein sehr hitziges und eigenmächtiges Verfahren. Die Historici melden, daß bald nach seiner Erhebung zur churfürstlichen Würde der Grund zu seinen Widerwärtigkeiten mit dem Hause Oesterreich gelegt worden sey; und wie übel er sich mit seinem Domkapitel zu Trier und der Abtei St. Maximin betragen, ist in den Geschichten selbiger Zeit zu finden. Am ersten und heftigsten aber setzte er der Stadt Speyer wegen der Schleifung der Veste Philippsburg zu; fand auch beim kaiserlichen Hofe, so übel dieser sonst mit dem Churfürst zufrieden war, gegen die Stadt Speyer alles Gehör. Nicht weniger hatten die Stifter und Mönche zu Speyer dieser Zeit sich bedient, und alle Ansprüche und Forderungen zusammen gesucht, die sie immer aufbringen mochten. Man bedrohte daher die Stadt mit grausamen Inconvenienzien, wann selbige dieß und jenes nicht eingehen würde, z. B. mit Einräumung derselben an den Herrn Bischof, mit

fiscalischen Abndungen und vorbereiteten Executionen u. dergl. Alles dieß schlug im Jahr 1628 zusammen, so daß die Stadt in diesen Nöthen sich zu allem bequemen, alles abgeben und nachsehen mußte, worauf man in den Unterhandlungen bestand. Weil jedoch der westphälische Friedensschluß diese Wunden meistens wieder geheilt hat, so sollen alle diese betrübte Vorfallenheiten, als ohnehin nicht hieher gehörig, übergangen werden, ausgenommen diejenige, welche nach dieser kurzen Einleitung auf die in diesem Jahre 1628 hieher gehörige führen:

Es hatte nämlich in dessen erstem Monate, und also noch vor dem bekannten Restitutions-Edict der Provincial des Dominikaner-Ordens bereits bei kaiserlicher Majestät Ferdinand II einen Befehl und zugleich die Commission auf Churmainz ausgebracht, daß der Rath an das Predigerkloster die Kirche und das sogenannte Langhaus oder Schiff wieder abtreten sollte. Weil nun diese Kirche die größte und wohlgelegenste unter den dreyen zu dem evangelischen Gottesdienste gewesen, und welche die Herren Cameralen am meisten besuchten, so verursachte dieser ausgewirkte Befehl eine allgemeine Bestürzung und Furcht, es möchte mit den andern Kirchen auch so ergehen, wie im Jahr 1629 mit der Augustiner-kirche es auch geschah, mithin die kleine Kirche zu St. Georgen allein übrig geblieben ist. Der Magistrat ließ sich daher äußerst angelegen seyn, die Predigerkirche für

Die Herren Aſſeſſoren, Procuratoren und Advokaten des kaiſerlichen Kammergerichts, Augsburgiſcher Conſeſſion, legten wegen der ihnen zugleich widerfahrenen Ausſtoßung aus dieſer Kirche bei kaiſerl. Majeſtät und dem Churfürſten von Mainz, nebſt angeführten kräftigſten Beweggründen, ihr Vorwort ein. Der Landgraf von Heſſen-Darmſtadt that bei Chur-Mainz ein Gleiches. Der Magiſtrat, welcher eben um dieſe Zeit, und faſt in einem Monate wegen den ſtarken Anfechtungen und Zudringlichkeiten des Hrn. Biſchofs und der Geiſtlichkeit hinſichtlich politiſcher Angelegenheiten in dem größten Gedränge geweſen, hatte ſich entſchloſſen, eine beſondere Abordnung an den Churfürſten nach Aſchaffenburg wegen dieſer Religionsſache zu ſchicken, und die Deputirten zugleich mit einer ſchriftlichen Vorſtellung zu verſehen, obwohl am Ende wegen des damals ſchon unterhandelt geweſenen und bald darauf erfolgten Reſtitutions-Edicts alle dieſe und vorernannte Bemühungen als vergebens angewendet, man ſich geäuſſert hat. — „Die Kirche mußte an die Predigermönche abgegeben werden.“

Um bei der Beerdigung der Verstorbenen die Leichenbegleiter an den Tod und zugleich an eine ernstliche Vorbereitung zu einem seligen Sterben zu erinnern, wurde in dieser Hinsicht gleich nach dem Religionsfrieden und zwar mit dem Jahre 1596

V. Die Kirche auf dem Gottes-Acker *)

*) Die Gottesacker-Kirche auf dem evangelischen Leichenfeld zu Speyer beurkundet in Hinsicht ihrer innern und äussern Bauart ein sehr hohes Alter; da aber eben deßwegen das Jahr der Erbauung derselben nicht bestimmt angegeben werden kann, so müssen wir uns mit den nachstehenden interessanten Nachrichten, die diese Kirche, wie auch den sie umgebenden Begräbnißplatz betreffen, begnügen lassen. — Diese Kirche ist nach gothischer Bauart aufgeführt, und wurde von der speyerschen evangelischen Bürgerschaft erbaut. Das Chor ist durch einen hohen gothischen Bogen mit der übrigen Kirche verbunden und liegt eine Stufe höher. Diese Kirche war durch 9 Fenster erhellt. Bis zu dem Jahre 1794 hatte die Kirche einen kleinen, aber schönen Altar, eine Kanzel, zwei Emporbühnen, gewöhnliche Kirchenstühle für die Frauenspersonen, und im Chore auf beiden Seiten des Altars die Stühle für das Trauerpersonale; bei Leichenbegängnissen gemeiner Bürgerschaft wurden die Leichenreden auf der Kanzel, die an der rechten Seite des hohen Bogens angebracht gewesen, und auf welche der Geistliche durch eine Thüre aus dem hinten angebauten Stübchen ging.

An der Südseite ausser der Kirche war an derselben eine Vorstellung des Gartens Gethsemane mit Figuren abgebildet, und hatte folgende Bedeutung: Judas kommt mit Begleitung zur Gartenthüre herein; in größern Figuren liegen die Jünger Jakobus, Johannes und Petrus schlafend auf dem Boden, von welchen Letzterer ein Schwert neben sich liegen hat. Vor denselben knieet in weit größerer Vorstellung der bethende Erlöser mit aufgehobenen Händen, mit dem gegen Morgen gerichteten Angesichte auf der Erde. — Alle diese Figuren, Bäume u. dergl. waren mit Farben ausgemalt; das Ganze war mit einem Gewölbe und Dache bedeckt; ist aber dem Verfalle nahe.

Dieser Vorstellung gegenüber befand sich ein mit Gräbern umgebenes 12 Fuß hohes und 6 Fuß breites Crucifix mit anhangendem Christusbilde, das schön gearbeitet, mit Farben geziert war, und ein hohes Alter beurkundet, wie solches aus der an einem noch aufrecht stehenden Steine des Kreuzes befindlichen Schrift zu lesen ist, und also lautet: ANNO 1669 IM MONAT AUGUSTI HAT JOHANN PETER SCHREIER DIESES CRUCIFIX RENOVI-

Endlich kann noch zu den obigen sechs Kirchen in mancherlei Betracht.

VII. Die St. Egidienkirche

gezählt werden. Von der Beschreibung dieser St. Egidien- oder Capuzinerkirche ist in den weimarischen Akten Pag. 560 Folgendes, wiewohl fehlerhaft aufgezeichnet:

„Noch vor dem Jahre 1556, zu den Zeiten des Churfürsten Otto-Heinrich, als allgemeinen Reformatoris in der Pfalz, und bis 1584 ist sie mit evangelischen Pfarrern besetzt gewesen. Als aber Pfalzgraf Johann Casimir, Vormund Churfürsts, Friedrig des IV. die reformirte Religion allenthalben einführte, ist von ihm auch der evangelische Pfarrer Amandus Beurer abgeschafft worden; und hat diese Kirche hernach auch die Aenderung erlitten, daß sie in eine Capuzinerkirche ungewandelt wurde."

Hierüber bemerke man Folgendes:

a) Diese Kirche ist nicht von 1556 bis 1584 mit evangelischen Pfarrern besetzt gewesen, denn man findet in den hiesigen Urkunden, daß erst im Januar 1572 der an der Egidienkirche gestandene katholische Pfarrer Jost Neblich bei dem hiesigen Magistrat mit einer Klagschrift wegen Gewaltthätigkeit des Eisenthaler Kellners, welcher ihm sein Pfarrhaus versperrt, eingekom-

men, und Hülfe begehrte; woraus abzunehmen ist, daß diese Kirche bis 1572 keinen evangelischen, sondern katholischen Pfarrer hatte.

b) Erst in diesem Jahre 1572 hat Churfürst Friedrich III. einen Pfarrer, Namens Johann Willing eingesetzt, nachdem er dem Magistrat die Anzeige hat thun lassen: „Willing werde mit des Raths Prädicanten in der Lehre eins seyn.“ — Es zeigte sich aber nachher, daß der Pfarrer, so wie der Churfürst reformirt war.

c) In dem Jahre 1574 war ein reformirter Pfarrer, Namens Infantius an der Egidienkirche gestanden, welcher aber wegen einem Aufruhr im Jahr 1577 von Churpfalz selbst abgesetzt wurde. — Struv in seinem ausführlichen Berichte von der Pfälzischen Kirchenhistorie beschreibt dieses Pag. 297 also:

„Dieweil man auch die reformirte Prediger allerhand Unruhen und Unfugs beschuldigte, wurden sie überall ab-, und an deren Stelle Lutheraner eingesetzt. — Insbesondere hatte Churfürst Friedrich III. in der Vorstadt Speyer in der Kirche zu St. Egidien (Capuciner) eine reformirte Kirche angelegt, bei welcher damals einer, Namens Infantius, Prediger war. Dieser wurde angegeben, als hätte er seine Zuhörer wider die Obrigkeit erregt, und wie eidlich ist bestärkt worden, eine Conspiration angesponnen, daß sie die

Stadt an verschiedenen Orten in Brand stecken, die Rathspersonen massacriren, und der übrigen Kirchen sich bemächtigen wollten. Zu welchem Ende berührter Prediger etliche Tonnen Pulver in seinem Keller verborgen gehalten, welches auch durch verschiedene in die Häuser und Fenster geworfene Zettel kund gethan worden. Der Rath schickte an den Churfürsten, ließ ihm die Gefahr vorstellen, auch die Sache an den kaiserlichen Hof gelangen. Ja die Camerales schrieben auch deshalben an den Churfürsten, welcher sofort zwei Vornehme vom Adel nach Speyer abschickte, mit dem Befehl, ohne einige Ausnahme den Infantius abzusetzen, welche auch dasjenige, was ihnen befohlen war, treulich ausrichteten, den Reformirten die Kirche verschlossen, und solche den Lutheranern einräumten."

Von diesem 1577 Jahre an bis auf das Jahr 1584 war demnach diese Egidien- oder Capucinerkirche eine lutherische Kirche, und der Pfarrer hieß Amandus Beurer.

In dem gedachten Jahre 1584 ging abermals eine Veränderung mit dieser Kirche vor. — Der Pfalzgraf Johann Casimir führte nämlich aller Orten in der Pfalz die reformirte Religion ein, und verjagte die Evangelischen. — Gleiches Schicksal betraf hier den Amandus Beurer; der Pfalzgraf setzte ihn ab, und gab die Kirche, nachdem er sie den Evangelischen ge-

Digitized by Google

nommen hatte, den Reformirten. — Er besetzte die Kirche sogleich mit einem reformirten Prediger, dem Johannes Anconius, auf welchen noch einige andere folgten. Allein die Reformirten behielten diese Egidienkirche auch nicht, sondern sie wurde ihnen in dem 30jährigen Kriege entrissen, und den Capucinern gegeben (daher an der Kirche heute noch die Jahrzahl 1628), welche sie viele Jahre hindurch, aber nicht beständig, noch weniger ruhig besessen haben. — Hierüber lese man das Instrumentum P. W. und die Executions-Acten. — Der oben angeführte Struv schreibet Pag. 581 und 909 Folgendes:

„Nicht minder hatten auch die Capuciner durante „bello in der Vorstadt zu Speyer vor dem Altpörtel „sich des Egidienklosters und Kirche bemächtiget, und „von 1624 an besessen ꝛc. Allein der Churfürst stellte „in seiner Information vom 26. Okt. 1649 die wahre „Beschaffenheit dieser Egidienkirche und Kloster vor, „und da kam am 2. Nov. 1649 das Immissions-Decret. „— Herr Carl Ludwig wird in das, so das Chur„haus Pfalz vor der böhmischen Unruhe zu Speyer in „der Vorstadt, an dem Ort und Platz, wo jetzo der „P. P. Capuciner Kloster stehet, gehabt, und dessen Re„stitution begehrt — die Restitution zuerkannt.“ —

Ja man weiß, daß die Churpfälzischen Commissarii bereits im Jahre 1633 darinnen haben predi-

gen, die Kreuze vor der Kapuzinerkirche weghauen, und sogar den 24. Dez. 1649 die Kapuziner hinaus tragen lassen. — Da aber die Kriege am Rheinstrom, und die Nimweg-, Rißwick- und Badischen Friedensschlüsse die Sache sehr geändert hatten, so blieben die Kapuziner in dem ruhigen Besitze dieser Kirche, bis zum Brand der Stadt im Jahre 1689, und nach Erbauung derselben bis zum Jahre 1794, wo das Klostergebäude nebst der Kirche ruinirt wurde. — Dermalen ist Kloster und Kirche bürgerliches Eigenthum.

Von den evangelischen Predigern in Speyer vor dem Brand der Stadt überhaupt.

a) Von ihrer Anzahl. b) Von ihren Titeln, und c) Von ihrer Beförderung und ihrem Rang.

a) Von deren Anzahl. — In den weimarischen Akten Pag. 660 und 661 findet sich hierüber folgender Bericht:

Deren Herren Geistlichen sind vor der Zerstörung der Stadt gemeiniglich 4 gewesen, deren der Letztere die Stelle eines Diaconi vertreten. In den ältern Zeiten waren drei, bisweilen auch zwei. Doch waren 1573 ihrer vier, als Schober, Mailänder, Ebenreich und Reissenzahn. In dem 30jährigen Kriege, ohnerachtet die Predigerkirche, als die vornehmste, an die

*

Predigermönche abgegeben werden mußte, findet man deren 5, wie denn Anno 1623 beisammen im Ministerio waren, M. Leißler zu den Predigern. — M. Bickzahn zu den Augustinern. — M. Warzenbach zu St. Georg. — M. J. Th. Phryßius und Heinrich Poley, und im Monate August 1644, Dr. Schragmüller, Gauß, beide Ursini Gebrüder und Geyfertus.

Es ist dieser Bericht größtentheils unrichtig, dann nicht erst im Jahre 1573, sondern schon 1569 waren 4 Prediger im Speyerer Ministerio. Dieses übergab im Monat August besagten Jahres einen kurzen Bericht, gleichsam als die erste Agenda Spirensia, dem Magistrat, wo M. Johann Neussenzein, Georg Ebenreich, Joh. Othmar Mailänder und Clemens Schubert unterzeichnet waren. — Auch waren lange vor dem 30jährigen Kriege, nämlich Anno 1603 fünf evangelische Prediger hier.

In Ansehung der Anzahl der Prediger ist zu merken: So lange der Magistrat nur Eine, nämlich die Augustinerkirche hatte, so lange waren auch nur zwei evangelische Prediger vorhanden, und zwar ein Früh- und Nachmittagsprediger an der besagten Kirche, und dieses von 1556 bis 1561. Als aber der Magistrat Anno 1561 die St. Georgenkirche gleichfalls zum evangelischen Gottesdienste bestimmte, so nahm man einen

besondern St. Georgen-Pfarrer an, und somit waren drei im Ministerio. Endlich kam im Jahre 1569 die Predigerkirche dazu; daher berief der Magistrat den vierten Pfarrer. So bestand das Speyerer Ministerium von 1568 bis 1603 aus vier Predigern, wovon drei nur eigentliche Prediger waren, der vierte aber den Namen eines Diakons oder Nachmittagspredigers hatte; es fand sich zwar auch vor, daß in manchen Jahren nur drei beisammen waren, welche sich aber wegen überhäuften Geschäften beklagten, und um Besetzung der offenen Stellen baten.

Als nun im Jahre 1603 drei hiesige Prediger krank lagen, und der vierte nicht alles versehen konnte, so wurde der Pfarrer M. Jakob Bickzahn am 22. Juni desselben Jahres berufen, im hiesigen Predigtamte zu helfen, der dann auch kam und blieb; und so waren von 1604 bis 1646, wo der Magistrat die 5te Stelle eingehen ließ, fünf Prediger in Speyer, da aber zwischen dieser Zeit öfters nur vier Prediger im Ministerio waren, so versah ein Lehrer des Gymnasiums des Fünften, zuweilen auch des Vierten Stelle, so wie auch die Prediger am Gymnasium lehrten.

Obgleich das Gymnasium Anno 1612 vollständig eingerichtet wurde, und fünf Lehrer in fünf Schulen, nach den gedruckten Zeugnissen aufgestellt waren, so findet man doch, daß nachher noch die Prediger am

Gymnasium lehrten. So kam z. B. der Rektor Himmel im Jahre 1615 ins speyer'sche Ministerium, mit dem expressen Vorbehalt, täglich eine Stunde am Gymnasium zu lehren, wie er auch wirklich im Jahre 1616 das historische Pensum hatte. So hatte der Pfarrer Johann Leißler im Jahre 1614 Theolog. etc., und der Diacon Warzenbach lehrte im Jahre 1619 das Hebräische öffentlich am Gymnasium. — Daß aber Kanzleischreiber, Rathhaus- und Stadtschreiber das Rectorat zugleich sollten versehen haben, findet man außer dem Clodius nicht.

b) Von ihren Titeln. Die ältesten evangelischen Prediger der speyerer Kirche wurden von dem Magistrat als „Prädikanten des Evangelii — des Wortes Gottes" berufen, und so unterschrieben sie sich auch. Mailänder war der erste, der den Namen eines Pfarrers erhielt. — Nachher wurde die Benennung eines Pfarrers demjenigen ertheilt, der die Frühpredigten und alle gewöhnlichen Pfarrverrichtungen zu versehen hatte. — Dergleichen waren nur drei im Ministerio. Zu diesen kamen diejenigen, welche des Nachmittags predigten, und dem Pfarrer bei Administrirung des heiligen Abendmahls und sonstige Handreichung thun mußten. Diese hatten den Namen eines Diaconi, Quarti, Ecclesiastae; sie waren an

Digitized by Google

keine gewisse Kirche gebunden, sondern mußten in allen Kirchen helfen, wo sie nöthig waren.

Wann das Wort Senior aufgekommen ist, findet man nicht, obgleich Dr. Himmel in den weimarischen Akten Pag. 664 der erste Senior des spey. Ministeriums genannt wird. Eben so wird noch eines Seniors, des Dr. Schrägmüllers, Pag. 659 gedacht. Diese Namen erhielten von dem Magistrat ferner noch, 1) M. Bickzahn, denn so nannten ihn seine Collegen in einer im Jahre 1641 dem Magistrat übergebenen Schrift. — 2) Joh. Peter Weidtmann; dieser unterschrieb sich allezeit Senior Minist. Spir. — von Schrägmüllers Tod an. — 3) Gustav Adolph Hiltebrandt; in das St. Georgen Taufbuch schrieb er mit eigener Hand Folgendes: Gustavus Adolphus Hiltebrandt Stargardia-Pomeranus, der Stadt Speyer dreyßig Jahr lang gewesener Prediger, des Ministerii Senior und Consistorii Assessor.

Daß diese Senioren in allen drei Kirchen hätten predigen können, ist nicht wahrscheinlich, denn eine jede Pfarrkirche hatte ihren eigenen Pfarrer, wie jeder Senior seine besondere Pfarrkirche hatte, in welcher er seine Frühpredigt ablegen mußte; so war z. B. der Senior Schrägmüller in der neuen und hernach in der Predigerkirche, und in dieser hatte er auch seine Frühpredigten (Amtspredigten) des Sonntags.

— Der Senior Weidtmann war Pfarrer in der Augustinerkirche, und Hiltebrandt war Senior in der St. Georgenkirche. Jedem derselben kam es zu, in seiner Kirche zu predigen. — Daß sich aber Dr. Himmel einen Pfarrer aller drei Kirchen sollte geschrieben haben, kann nicht gesagt werden; aber dazu hat er sich am 24. Jan. 1615 erboten, daß er in allen Kirchen helfen und sich einen Ministrum Ecclesiarum nennen wolle, weil man ihm den Namen eines Pfarrers nicht geben wollte.

c) Von ihrer Beförderung und ihrem Rang. — Die Nachricht hierüber lautet in den weimarischen Akten Pag. 660 also:

„Wie und wann bei jedem Subject die Translo-„cation von einer Kirche zur andern geschehen, findet „sich so genau nicht; ist also kaum mehr auszuma-„chen, jedoch aus einigen Beispielen so viel abzuneh-„men, daß die Beförderungen aus der Augustiner- in „die Prediger- oder St. Georgenkirche geschehen sind.“

Daß diese Nachricht ohne Grund sey, ist aus den nachfolgenden Verzeichnissen der Geistlichen zu Speyer deutlich zu sehen, denn einige sind sogleich an eine gewisse Kirche berufen worden, und an derselben bis am Ende verblieben, als z. B. Schober kam an die Augustinerkirche, und starb als Augustinerpfarrer. — Mailänder kam an die St. Georgenkirche, und

Digitized by Google

starb als Pfarrer dieser Kirche, und Reissenzein wurde an die Predigerkirche berufen, und starb als Pfarrer dieser Kirche.

Andere sind von ihrer ersten Kirche weg, und an eine andere Kirche gekommen. Z. B. Wieland kam an die Georgen- und später an die Augustinerkirche. — Johanes Leißler zuerst an die Augustiner- und dann an die Georgenkirche. — Einige kamen als Diakonen, als Quarti oder Ecclesiasten ins Ministerium, als z. B. Bayer, Phryßius und Pfaff sind als Diakone gestorben. — Andere aber, als Warzenbach wurde an die Georgenkirche, Weidtmann an die Augustinerkirche und Willius an die Predigerkirche berufen.

„Nach den weimar. Akten oder Nachrichten Pag. 660 Num. 2. sollen die Pfarrer ausser den Senioribus und graduatis nach dem Dienstalter ihren Rang unter einander genommen, und keine Kirche vor der andern in ältern Zeiten einen Vorzug gehabt haben, bis die Predigerkirche von E. E. Rath den 5. Juli 1625 für die vornehmste erkannt, und dem Pfarrer daselbst der erste Rang gegeben worden.“

Hierüber findet sich theils das Gegentheil, theils andere Nachrichten. Was den Rang nach dem Dienstalter betrifft, so müßte dieser, da keine festgesetzte Ordnung vorhanden war, aus Unterschriften bewie-

sen werden können. Aber es findet sich, daß die neu angenommenen Prediger Reissenzein und Ebenreich dem Mailänder, der schon acht Jahre an der St. Georgenkirche stand, und dem Schubert, der schon über 10 Jahre in der Augustinerkirche gepredigt hatte, vorgesetzt worden sind. — Von dem Vorzug der Predigerkirche seit 1625; dagegen streitet ein Gutachten, welches der Pfarrer Phryßius im Jahre 1615, ohngefähr im Monate Oktober dem Magistrat gestellt hat, man solle nämlich dem Dr. Himmel die Nachmittagspredigt nebst der sonntäglichen Epistel-Auslegung in der Predigerkirche für diesesmal befehlen, propter templi prioritatem, et ex omnibus reliquiis scholis et templis conventus celebritatem.

Daß dem Pfarrer an der Predigerkirche der erste Rang vom Magistrat gegeben wurde, ist ebenfalls gegen die vorgefundenen Unterschriften, z. B. im Jahr 1679 übergab das hiesige Ministerium eine Bittschrift, welche die Geistlichen folgendermassen unterschrieben haben: Joh. Pet. Weidtmann, Pastor ad Div. Augustinum et Ministerii Senior. — Gustav Adolph Hiltebrandt, Pastor ad D. Georg et Inspect. — Joh. Conrad Willius, dieser war Pfarrer an der Predigerkirche, und doch steht er nicht nur unter dem Senior Weidtmann, sondern auch unter dem St.

Digitized by Google

Georgen-Pfarrer Hiltebrandt. — Johann Adam Haßlocher; dieser war Diacon.

In Ansehung des Ranges kam es also auf die Verordnung des Magistrats an, wem derselbe den Vorzug gab, der hatte ihn.

III. Abschnitt.

Erste Abtheilung.

Enthält ein Namens-Verzeichniß mit biographischen Notizen aller evangelischen Geistlichen in Speyer an allen evangelischen Kirchen daselbst, von 1556 bis zum Brand der Stadt im Jahr 1689, und zwar nach den Jahren ihres Berufs.

1556.

1) Jakob Schober. Er war Pfarrer zu Langenkandel, und wurde mit dem Anfange des Jahrs 1556 hieher an die Augustinerkirche berufen; denn schon den 30. Januar dieses Jahres schrieb Schober von Landau aus: „Der Landschreiber von Minfeld „hat vor 14 Tagen den Kirchengeschwornen zu Kan„del befohlen, mit mir abzurechnen, weil ich die Pfar„rei resignirt, und so könnte ich uf die Fronfasten Invo„cavit abziehen, welches ich auch Ew. Weisheit an„gezeigt. Ich wollte es auf diese Woche noch halten. „— Wie ich aber von Speyer nach Kandel kommen

„bin, ist der Pfarrer von Minfeld gestorben, und der „von Freckenfeld ist krank, als durch welchen meine „Pfarre hat sollen versehen werden. Jetzt hat es der „Landschreiber verbieten lassen, ich soll bis Ostern „warten, oder einen andern stellen. Ich biete mich „an, alle Woche einmal nach Speyer zu kommen, zu „predigen, die Sakramente zu reichen, dem, der sie „begehrt ꝛc.“ Er hielt auch wirklich an der ersten Woche in der Fasten des gedachten Jahres seine erste Predigt in der Augustinerkirche, und theilte auf das heil. Osterfest das Erstemal das heil. Abendmahl öffentlich aus. — Er war der Frühprediger, oder eigentlich der Pfarrer an der Augustinerkirche. Er starb am 2. Februar 1559. (Siehe dessen Grabschrift im Anhange sub. Nr. 1.

2) M. Heinrich Ringelstein. Er war vorher Pfarrer zu Rosenberg in Franken, und wurde gleich im Anfange dieses Jahres als Helfer oder Nachmittagsprediger an die hiesige Augustinerkirche berufen. Es erhellet solches aus einem Schreiben des Burggrafen zu Rosenberg an den speyerschen Magistrat vom 30. März: „Ew. Schreiben wegen meines Pfar„rers Ringelstein — daß ihr ihn angenommen „habt, habe ich nebst eurer angehefteten Bitt, ihn auf „das eheste zu erlauben, vernommen ꝛc., dieweil er „sich zu euch versprochen, will ich ꝛc.“ Am zweiten

Sonntage nach Trinitatis hielt er seine erste Predigt Nachmittags, oder seine Antrittspredigt in dieser Kirche. Nach Schobers Tod 1559 wurde er Frühprediger. Er starb zu Heidelberg den 19. Febr. 1569.

1559.

3) Clemens Schubert. Er wurde vor Ostern 1559 als Nachmittagsprediger an die Augustinerkirche berufen, und starb im Jahre 1575.

1561.

4) Johann Otthmar Mailänder, war vorher Stadtpfarrer in Aurach. Er wurde, da der hiesige Stadtrath die St. Georgenkirche Anno 1591 mit einem lutherischen Geistlichen besetzen wollte, als Pfarrer in diese Kirche berufen. Er hielt seine Probepredigt den 23. Juni, und zog am 17. Juni wirklich auf. Er starb am 16. April 1573.

1569.

5. M. Johannes Reissenzein. Er war vorher Kirchenrath und Stadtpfarrer in Durlach. Vom hiesigen Stadtrathe, welcher im Jahre 1569 auch die Predigerkirche zum evangelischen Gottesdienste bestimmte, erhielt er den Ruf als der erste Pfarrer an die Predigerkirche, in welcher er am 10. Juni 1569 das erste-

mal predigte, am 22. August das erste Ehepaar einsegnete, am 2. Oktober das heil. Abendmahl zum erstenmal austheilte, und am 7. Dez. die erste Kindtauf verrichtete. Er starb im Jahre 1573.

1569.

6) Georg Ebenrich. — Er unterschrieb nebst Reissenzein, Mailänder und Schubert einen kurzen Bericht, wie die Ritus in der evangelischen Kirche zu Speyer zu verbessern seyen. Nach Ringelsteins Tode im Jahre 1569 kam er neben den Schubert in die Augustinerkirche, und nach Mailänders Absterben Anno 1573 an die Georgenkirche, bei welcher er bis zu seiner Entlassung, die wegen Schänden und Schmähen von der Kanzel Anno 1576 erfolgte, verblieb.

1573.

7) Bernhard Bernhard von Frankfurt. Er war vorher in Nassau-Dillenburgischen Diensten. Nachdem er in dem Jahre 1573 an die Predigerkirche als Pfarrer berufen wurde, zog er hier den 1. Mai sogleich auf. Er kündigte den 28. März 1584 dem Magistrat auf, und wurde Pfarrer und Superintendent zu Wiesloch in der Pfalz.

1573.

8) N. N. Gottfried. Von diesem kann nicht bestimmt angeben werden, wie lange er hier gewesen, und an welcher Kirche er stand. Er kann nicht eher als gegen den Herbst im Jahre 1573 hieher gekommen, und noch vor dem Herbst des nämlichen Jahres gestorben seyn; folglich muß er hier nur etliche Wochen als Prediger gelebt haben.

1574.

9) M. Georg Schöner. Dieser trug in einer lateinischen Suplik am 5. Nov. 1574 dem Magistrat seine Dienste an, worauf er auch angenommen wurde. Allein er bekam bald darauf mit dem reformirten Pfarrer Infantius an der Egidienkirche am 13. Dez. Streitigkeiten. Er zeigte solches den 18. Dez. dem Magistrat an, worauf ihm aber noch den nämlichen Tag das Decret ‚ist seiner Dienste entlassen' zugeschickt worden.

1575.

10) Michael Pistorius. Er war vorher Spezial-Superintendent zu Neustadt am Kocher, legte hier den 27. Jan. 1575 seine Probepredigt ab, und wurde darauf Pfarrer an der Augustinerkirche. Er resignirte zu Ende des Jahrs 1579, und wurde darauf Spezial-Superintendent zu Reichenweiler.

1577.

11) M. Wierich Wieland. Dieser war Pfarrer zu Altlußheim; hielt den 16. Dez. 1576 zwei Predigten hier — in der Georgenkirche des Morgens, und des Nachmittags in der Predigerkirche. Er kam darauf an die Georgenkirche Anno 1577 und blieb an derselben bis 1584, wo er an die Augustinerkirche kam. Er starb am 3. Nov. 1585.

1580.

12) Theophylus Wagner von Siegen aus dem Nassauischen. Er ließ sich den 30. März 1580 an der Predigerkirche des Nachmittags hören, und wurde darauf Pfarrer an der Augustinerkirche als des Pistorius Nachfolger. Er behielt diese Kirche bis an Wielands Versetzung aus der Georgen- in die Augustinerkirche, worauf Wagner an die Georgenkirche kam. Nach Wielands Tode kam er Anno 1585 an die Augustinerkirche zurück, an welcher Kirche er auch bis an sein Ende, das den 24. Juni 1584 erfolgte, blieb.

1584.

13) Amandus Beurer. Dieser war vorher lutherischer Pfarrer an der hiesigen Egidienkirche, an welche er den 2. März 1577 gesetzt wurde. Nach eingeführter reformirter Religion wurde er vom churpfälzischen Administrator Casimir im Jahre 1584 ab-

gedankt, worauf er vom hiesigen Magistrat an die Predigerkirche gesetzt wurde. Er starb 1587.

1584.

14) Georg Intelin, war vorher Pfarrer im Durlachischen. Am 14. Nov. 1584 wurde er als Pfarrer hieher berufen. Im Jahre 1585 wurde er Pfarrer in der Georgenkirche, und starb im Anfange des Jahrs 1587.

1588.

15. Johannes Wild. Er war vorher Pfarrer zu Dürmenz. Am 13. März 1588 wurde er vom Magistrat als Pfarrer hieher berufen, und kam nach Wagners Tode an die Augustinerkirche. Er resignirte Anno 1591.

16) M. Chilian Passauer. Nach Bernhards Resignation im Jahre 1584 kam Amandus Beurer an die Predigerkirche, und als dieser im Jahre 1587 starb, folgte ihm Passauer an die Predigerkirche nach. In einem theologischen Bedenken, welches im Jahre 1590 im Monat Juli an den Magistrat gestellt wurde, „ob einer seiner verstorbenen Frau Bruders Tochter heirathen dürfe?“ unterschrieb er sich nebst seinen beiden Collegen M. Johannes Wild und M. Nikolaus Phrysius. — Auch hat er im Monat

Juli 1593 auf obrigkeitlichen Befehl das ordentliche Taufbuch für die Predigerkirche angefangen. Er starb am 25. Januar 1614.

1590.

17) M. Nikolaus Phryßius von Bergzabern. Als er an den speyerschen Magistrat am 31. Januar 1590 schrieb, und dieser ihm hierauf am 5. Februar antwortete, und zugleich die Vokation zuschickte, hielt er sich gerade zu Annweiler auf. — Hier sind seine eigenen Worte: Ex patriae meae Ecclesia Tabernaemonti quae super est, mutatione nova cum removere (er war Diakon zu Bergzabern) „ad Ecclesia Staincellis in ditione vinstingensi“ administrationem migravi vocatus — offero vobis operam etc. Er kam alsdann hieher als Pfarrer zu St. Georgen an Intelius Stelle. — Unter ihm ist das St. Georgen Taufbuch angefangen worden. Er starb am 9. Juli 1618.

1590.

18) M. Jakob Bayer von Zweibrücken. Im Jahre 1590, und zwar zu Ende desselben, wurde er als Diakon hieher berufen, und starb, als er zwanzig Jahre Diakon gewesen war Anno 1610.

Johannes Wild, als Pfarrer an diese Kirche gekommen seyn. Unter ihm wurde auch das Taufbuch für die Augustinerkirche im Jahre 1593 angefangen. Er starb im Jahre 1611.

1603.

20) M. Jakob Bickzan. Er war Pfarrer zu Maudach, und wurde am 22. Juli 1603 laut eines an ihn erlassenen Schreibens unter folgendem Inhalte hieher berufen: „Es wird Euch bekannt seyn, daß seither drei unserer Kirchendiener krank liegen. — M. Nikolaus Phryßius versieht alles allein, es muß ihm aber in die Länge unerträglich fallen. Wir wollen es ihm daher erleichtern. Wir haben uns auch verständigen lassen, daß Ihr Uns, bis es mit unsern Predigern besser wird, wollet behülflich seyn: So gesinnen wir an Euch, Ihr wollet mit beikommender Fuhr Euch heut Abend hieher begeben, und Morgen in der St. Georgenkirche predigen u. s. w.“ — Er kam, und predigte, und blieb als ein Helfer, oder wie er sich schrieb, als ein Ecclesiastes — und von diesem

Jahr 1603 an, waren viele Jahre hindurch fünf Prediger im Ministerio Spirensi.

Nach Passauers Tod Anno 1614 kam Leißler an die Predigerkirche, und Bickzan Anno 1614 an die Georgenkirche. Seine Collegen gaben ihm auch in einer Bittschrift an den Magistrat Anno 1631 den Namen Senior. Nachdem er über 30 Jahre Prediger zu Speyer war, starb er im Jahre 1635.

1610.

1615.

24) Dr. Johannes Himmel von Stolpe aus Pommern. Ehe er ins speyer'sche Ministerium kam, war er Rector am hiesigen Gymnasium von 1612 bis 1614. Im Jahre 1615 kam er nach Ostern wirklich ins Predigtamt, und blieb darin bis gegen das Frühjahr 1617, wo er als Professor der Theologie nach Jena ging. Er starb zu Jena den 31. März 1642. (In Inselins allgemeinem Lexico ist unter dem Artikel Himmel mehreres von ihm zu lesen.)

1619.

25) M. Joh. Thomas Phryßius von Speyer und Sohn des Aeltern, wurde gleich nach seines Vaters Tod im Jahre 1619 berufen. Als er im Jahre 1633 starb, und Joachim Becher am 25. 30) Joh. Heinr. Urſinus von Speyer. Er war vorher Pfarrer zu Weingarten bis auf das Jahr 1634, wo er Conrector des ſpeyer'ſchen Gymnaſiums wurde. Gegen das Ende des Jahrs 1635 wurde er Diacon. Am 24. IV. Abschnitt.

Von den evangelischen Kirchen, Pfarrern und Diakonen in Speyer nach dem Brand, bis zum Jahre 1818.

Erste Abtheilung des IV. Abschnittes.

a) Von den Kirchen.

Mit diesem Stillschweigen übergeht man hier das traurige Ereigniß der gänzlichen Zerstörung der Stadt (Speyer), so wie auch das überaus harte Exil, in welchem die ehemaligen Bewohner dieser alten und geschichtlich berühmten Stadt unter so mancherlei Drangsalen und Vergießung unzähliger Thränen, welche der große Brand An. 1689 durch Frankreichs Ludwig XIV gestiftet, verursacht hatte; sondern es soll nur kürzlich erwähnt werden, wie sich die Wiederherstellung des evangelischen Gottesdienstes seit der Wiedererbauung der Stadt allmählig wieder erholt hat.

Kaum war der so sehnlichst gewünschte Friede zu Ryßwick im Jahre 1697 geschlossen, kaum waren die von Speyer verjagten Bürger wieder durch die Nachricht erfreut worden, daß sie durch den Ryßwickschen Frieden die Freiheit erhalten, ihre im Schutte liegende Stadt wieder aufbauen zu dürfen, als sie sich zum Theil unter göttlichem Geleite bei ihren Brandstätten in Speyer wieder einfanden, und in Kellern, Gewölben und Hütten Obdach nahmen, bis sie unter Freuden in Gottes Namen mit der Wiedererbauung der Stadt zu Ende des Jahrs 1697 den wirklichen Anfang machen konnten.

Der größte Theil des Magistrats flüchtete sich in jenen schauerlichen Tagen mit einem großen Theil der Bewohner Speyers nach Frankfurt am Main, wo die speyerischen Exilanten von dem dortigen Magistrate und der Bürgerschaft nicht nur brüderlich aufgenommen, sondern auch menschenfreundlich behandelt wurden, bis sie wieder zurückkehren durften.

Auf das Fest der Reinigung Mariä, oder auf heil. Dreikönigstag 1698 ging der Magistrat das erstemal wieder ordentlich zu Rath; das Haus, in welchem dieses geschah, war das Wirthshaus zum Riesen. Die erste gottselige Beschäftigung desselben war, „den evangelischen Gottesdienst durch Aufrichtung einer Kirche

und Berufung eines evangelischen Pfarrers aufs Neue zu bestellen.“ Und der Herr krönte auch das erste Beginnen und die Rathschläge des Magistrats mit sichtbarem Segen.

Alle früher beschriebenen evangelischen Kirchen wurden nebst der ganzen Stadt und allen katholischen Kirchen, Stiftern und Klöstern in dem oft erwähnten verhängnißvollen Jahre 1689 in die Asche gelegt und die in drei evangelische Pfarrkirchen eingetheilt gewesene evangelische Gemeinde hin und wieder zerstreut. Da nun ein ansehnlicher Theil derselben sich während des Exils anderswo niederließ, und seiner ehemaligen Vaterstadt vergaß, ein anderer Theil nach erhaltenem Frieden zwar wieder, jedoch nur einzeln zurückkehrte, viele aber durch den Tod eine andere Heimath fanden, so war es nicht sogleich nöthig, eine Hauptkirche, noch weniger alle Kirchen, in welchen der evangelische Gottesdienst vor dem Brand gehalten wurde, wieder aufbauen zu lassen *). Daher ließ der Magistrat blos die

ken: Es wird oben im 17. §. des I. Abschnittes gesagt, daß die speyer'sche Bürgerschaft den Franziskanern, Augustinern, Carmelitern und Predigern Klöster und Kirchen erbaut und geschenkt habe; was die eigentliche Ursache dieser Stiftung gewesen, war ein feierliches Gelübde, das sie während einer furchtbaren Empörung zu Speyer gethan, und nach glücklichem Ende erfüllt hatten, und wobei es aus zusammen getragenen Nachrichten in des bischöfl. geistl. Raths Herrn Geißels Kaiserdom Bd. 1. S. 134 bis 142 auf folgende Weise zuging.

Heinrich II, Bischof zu Speyer, und Graf von Leiningen, verfiel gegen das Ende seines Lebens mit der Stadt in harte Entzweiung ob der Gerechtsame des Domkapitels. Die Münzherren wahrten sich gegen das Obermünzrecht des Bischofs, und der Rath forderte das Umgeld von dem Weinschanke des Kapitels, so wie das Fahrrecht zu Ketsch. — Diese Spannung wurde durch Schiedsleute vertragen, erhob sich aber nach zwei Jahren von neuem — und bitterer, so daß das Domkapitel und die Geistlichkeit sich durch einstimmige Verkommniß zusammen thaten, um die Freiheit des Weinschankes nach Vermögen gegen die Stadt zu behaupten. Die wechselseitige Erbitterung stieg durch Aufruhr. Drei Brüder, später adeligen Geschlechts der Stadt, Namens Wenzo (Wulzo), Harmund und Conrad, aus den Hausgenossen, zogen die Zünfte auf ihre Seite durch Lüge von Übergabe der Stadt in feindliche Ge-

walt, und übten gewaltigen Unfug in- und außerhalb der Stadt Ringmauern. Des Stiftes Sendleute warfen sie nieder, und gaben sie nur gegen hohes Lösegeld wieder ledig. Blieb aber das Lösegeld aus, dann brachen sie bald heimlich, bald öffentlich in die Häuser der Gefangenen, zerschlugen, was sie nicht raubten, und schalteten nach ungezügelter Willkühr. Der Rath drohte, aber umsonst; die Zünfte hatten sich furchtbar gemacht,

**) Bis zur Wiederherstellung dieser Kirche zum gottesdienstlichen Gebrauche und Ankunft eines evangelischen Pfarrers hielten die nach und nach auf ihren Brandstätten angekommenen Bürger unter sich selbst Andachtsübungen. Sie sangen geistliche Lieder, und ein Fischer, Namens Georg Richter, las ihnen aus einem Predigtbuche vor. Zusammengetragene Steine waren ihre Sitze. Bei ihrer Wiedererbauung im Jahr 1698 erhielt sie zwei Emporbühnen, eine Kanzel, Stühle für die Frauenspersonen, für das Trauerpersonal im Chor und einen zwar kleinen, aber schönen Altar. Im Jahre 1794 wurde sie von den Franzosen neuerdings ihrer Stühle, Kanzel, Fenster und des Altares beraubt. 1805 mußte sie den Franzosen als Pulvermagazin dienen, wo zugleich der ganze Begräbnißplatz mit Pulverwägen überführt war; dermalen befindet sich diese Kirche noch in solchem Zustande, daß sie auf die Leichenbegleiter, besonders wenn sie aus fremden Orten

Von dem bei dem Brand der Stadt Anno 1689 entweder unbeschädigt gebliebenen, oder aufbewahrt gewordenen Kreuze mit anhangendem Christusbilde auf dem Gottesacker, wollten die Franzosen im Zerstörungskriege die mit zwei Gabeln versehen gewesene eiserne Stange rauben, da aber bei dem beschwerlichen und gefährlichen Abbrechen derselben das Kreuz zu wanken anfing, so ergriff Schrecken die Räuber, und sie flohen ohne Beute. Dieser Vorfall wurde durch die beiden Todtengräber Bauer und Schäfer gehörigen Orts angezeigt, worauf das Bild abgehoben und aufbewahrt, die eiserne Stange aber, so 308 Pfund wog, später verkauft wurde.

Jetzt erbrachen sie in offenem Trotze die Häuser der Rathsverwandten, die ihnen nicht hold waren, warfen sie heraus, steckten die Wohnungen in Brand, und jagten die Mißhandelten außer der Stadt Bannzäunen. Die Domherren traf gleicher Zorn. Ihre Häuser wurden mit Gewalt erbrochen, das Hausgeräthe geraubt oder zertrümmert, sie selbst mißhandelt, und der Domdechant mit Mehreren erschlagen. Verwundet und blutend flohen die Domherren aus der Stadt; der Bischof hatte sie schon früher verlassen; das Gesinde folgte nach. Das ehrwürdige Münster stand leer und öde, und kein Meßgesang und keine Vesper ward mehr gehört in den Hallen des einsamen Tempels. Des Gotteshauses Weihe hielt die Aufrührer nicht ab, die heilige Stätte durch wilden Frevel zu entweihen; ohne Scheue und Furcht brachen sie hinein, raubten Kelche und Priesterkleider, deren sie habhaft werden konnten, und trugen sie davon. Als ihnen so über Erwarten die That gelungen war, zogen sie rottenweise hinaus gegen die benachbarten Adeligen, plünderten und verbrannten ihre Dörfer und Weiler, verheerten die Besitzungen des Stiftes, und erschlugen dessen Amtleute. Gemeinsames Unglück versöhnte den Bischof mit den Münzherren, und gleiche Noth bewirkte gleiches Handeln. Die ausgetrie-

Mit einem ansehnlichen Schlachthaufen zu Roß und zu Fuß erschien der Bischof mit des Stiftes offenem Banner vor Speyer, gewann die Stadt, und wollte sich der Meuterer versichern; aber nur eines Theils derselben ward er habhaft; denn die Rädelsführer, gewarnt vor drohender Gefahr, waren entwichen in schleuniger Flucht. Da saß auf des Bischofs und des Domkapitels Klage der Rath zu Gericht über die Aufrührer, und sprach auf einem allgemeinen Tage die Acht über die Schuldigen. Die Entwichenen wurden verbannt auf immerdar; die Gefangenen ausgetrieben auf ewig mit Weib und Kind, nimmer der Stadt Burgbann zu betreten; und wer einen der Aufrührer gewaltet (todtgeschlagen und beraubt) an Leib und Gut, der war seiner That und selbst des Todtschlags quitt und ledig; die Habe der Geächteten aber war dem Domkapitel zugesprochen, als Entschädigung für die erlittene Gefährde. Die Geistlichen und die Bürger verbanden sich durch einen leiblich geschwornen Eid, den Spruch gegen die Friedbrecher zu halten ewiglich, und die Domherren

zogen nun wieder in das verlassene Münster, und wieder begann der gestörte Meßgesang und das unterbrochene Chorgebeth im Gotteshause.

Und so wurde denn nach glücklicher Beendigung der furchtbaren Empörung das feierliche Gelöbniß von den friedlichen Bürgern Speyers damaliger Zeit erfüllt, und der Bau des Dominikanerklosters und der Kirche im Jahre 1266 angefangen und nach Vollendung desselben den Predigermönchen übergeben.

Nach Simonis Bericht Seite 104 und 114 soll diese unter Bischof Heinrich II. von Leiningen im Jahre 1266 angefangene und schon eine geraume Zeit vollendet gewesene Predigerkirche durch den Bischof Sibodo im Jahre 1308 eingeweiht worden seyn. Die Chronik des noch bestehenden Frauenklosters der Dominikanerinnen zu Speyer behauptet dagegen, Sibodo habe diese Kirche zwar einweihen wollen; durch kränkliche Umstände jedoch daran verhindert, habe er den feierlichen Akt an den Bischof Johann zu Straßburg übertragen, der sie am Sonntage Judica eingeweihet habe.

Als aber immer mehr Speyerer Exilanten zurückkamen, und die evangelische Gemeinde hierdurch sowohl, als durch die Annahme ansehnlicher Fremden vermehrt wurde, so war die Gottesacker-Kirche nicht mehr hinreichend, die täglich heranwachsende evangelische Gemeinde zu fassen. Es beschloß daher der Magistrat, den Bau einer neuen und größern Kirche anfangen zu lassen, und so entstand denn

war daselbst bis zum Brand der Stadt 1689, die Neue Kirche, und das Gymnasium hatte ebenfalls seinen Sitz daselbst von 1587 bis 1689. In diesem kaiserlichen Palatium wurde 1529 der berühmte speyer'sche Reichstag gehalten, bei welcher Gelegenheit die evangelischen Fürsten den Namen Protestanten erhielten. Kaiser Heinrich IV. hatte seinen Privatschatz daselbst aufbewahrt, der ihm von seinem Sohne, Kaiser Heinrich V. entwendet wurde. Auch befand sich in dem Hofe des Retschins eine Buchdruckerei für den Magistrat; die Wohnungen des Rektors und fünf anderer Lehrer des Gymnasiums, wie auch andere Gebäude.

Der Grundstein der heiligen Dreieinigkeitskirche befindet sich in den Grundmauern der vordern östlichen Ecke gegen die Domkirche. In dieser Kirche hielt die evangelisch lutherische Gemeinde ihren Gottesdienst in ungestörtem Frieden bis zum Jahre 1794, wo sie in dem französischen Zerstörungskriege ihrer Fenster, Orgel, Glocken und musikalischen Instrumente beraubt, der Gottesdienst mehrere Wochen lang eingestellt, und ihre Thore geschlossen wurden. Die Fenster wurden endlich bis zu ihrer Wiederherstellung mit Brettern zugeschlagen, und die damalige noch bestandene reformirte Gemeinde unter ihrem würdigen Pfarrer Dielemann erlaubte den Lutheranern abwechselnd mit ihnen, den sonntäglichen Gottesdienst bis zur Wiederherstellung ihrer Kirche halten zu dürfen.

Im Jahre 1797 ließ der Magistrat und die Bürgerschaft, durch gesammelte reichliche Beiträge im Auslande des sich um die Stadt Speyer bestverdient gemachten unvergeßlichen M. Joh. Adam **Mayer** die dermaligen Kirchenfenster wieder herstellen, wo dann die Kirche wieder mit einem feierlichen Göttesdienste geöffnet wurde. Die noch vorhandene kleine Orgel mußte einstweilen bis zur Verfertigung der großen Orgel im Jahre 1812 bis 1814 den Gesang der Gemeine begleiten — Die Orgel wurde von dem Orgelbauer Geib in Frankenthal verfertiget.

Im Jahre 1818 wurden 3 neue Glocken für die luth. Dreieinigkeitskirche in Speyer von Sprinkhorn und Schrader in Frankenthal gegossen, die eine schöne Zusammenstimmung haben.

Die größte derselben wiegt 25 Zentner, und enthält folgende Strophe:

Christen, hört mich nicht vergebens;
Kommt, vernehmt das Wort des Lebens!

Auch liest man auf dieser Glocke: Herr Georg Heinrich Drexel in Regensburg verehrte seiner Vaterstadt Speyer zu dieser Glocke 1500 Gulden.

Die zweite Glocke wiegt 13 Zentner, und hat diese Worte:

Christen, kommt von nah und fern,
Freudig in das Haus des Herrn.

Die dritte Glocke wiegt 8 Zentner, und enthält nachstehenden Vers:

Herr Phil. Lichtenberger, Heinrich Scharpf und Ludwig Schlegel gaben zu derselben jeder einen Zentner Metall. — Alle diese Glocken tragen Luthers Bildniß und diese Inschrift: Gegossen von Sprinkhorn und Schrader in Frankenthal im Jahre MDCCCXVIII. — Bei ihrer Ankunft ging ihnen die Geistlichkeit, das Bürgermeisteramt, die Lehrer der deutschen Schulen mit ihren Schülern und ein großer Theil der Bürgerschaft entgegen, wo sie mit Blumen bekränzt, freudig empfangen, in der Dreinigkeitskirche vor dem Altare aufgestellt und von dem Herrn Decan Spatz zu ihrem Zwecke durch Gebeth eingesegnet wurden. Sie befinden sich auf dem in der Nähe der Dreieinigkeitskirche stehenden Glockenthurme der ehemaligen St. Georgenkirche. Auch befindet sich auf dem Kirchenthurme eine kleine Glocke von 5 Zentner Gewicht; sie wird während dem Gebethe des Herrn in der Kirche geläutet.

Die Kirche ist aus lauter gebrannten Steinen erbaut und mißt in ihrer innern Länge 146 Fuß, in der innern Breite 70 Fuß, und ihre Höhe von dem Fußboden bis an das Plafond ist 50 Fuß. — Sie hat einen prächtigen Altar, dessen Gemälde das heil. Abendmahl vorstellt; es wurde von Johannes Bessemers Anno 1705 verfertiget. Über dem Altar befindet sich eine neue kleine und große Orgel mit 34 Registern; sie gewährt einen imposanten Anblick. Die Kanzel, deren Hut von prächtigen Verzierungen, vergoldet und ein Meisterstück der Bildhauerkunst ist, bleibt eine ausnehmende Zierde dieser Kirche, die von jedem Reisenden besucht zu werden verdient. Auf dem Hut der Kanzel befindet sich ein Pelikan mit mehreren Jungen. Die rings herum frei stehende Kirche erhält durch 15 große, meistens 29 Fuß hohe und 8 Fuß breite Fenster vollständiges Licht.

Dreiundvierzig eichene Pfosten tragen zwei Emporbühnen, welche 72 Gemälde oder bildliche Vorstellungen aus dem alten und neuen Testamente enthalten. Die bildlichen Vorstellungen des alten Testamentes an der obern Emporkirche beziehen sich jedesmal als Vorbild auf die geschichtlichen Begebenheiten des neuen Testamentes an der untern Emporbühne. Der neben der Kanzel befindliche Pfarrstuhl, mit vergoldetem Laubwerk geziert, ist 10 Fuß lang, 7 Fuß hoch und 4 Fuß breit oder tief. Die Decke der Kirche ist ein Gewölbe von Holz, schön und künstreich aufgeführt, in 21 Felder abgetheilt, und mit folgenden großen bildlichen Vorstellungen aus dem alten und neuen Testamente ausgemalt.

Fünf Felder von dem Plafonde zunächst der Orgel enthalten weiter nichts als musikalische Vorstellungen.

Das erste Feld oberhalb der Kanzel bezeichnet die Schöpfung nach 1. B. Mos. 3, Vers 6.

Das zweite Feld stellt Isaaks Opferung vor, nach 1. Buch Mos. 22, Vers 10., 11. und 12. (daselbst befindet sich das Portrait des Baumeisters der Kirche.)

Das dritte Feld stellt Jakobs Traum von der Himmelsleiter vor nach 1. B. Mos. 28, Vers 11., 12. und 13.

Das vierte oder letzte Feld bezeichnet Jakobs Kampf mit dem Engel. 1. B. Mos. 32, Vers 24 bis 28.

Die dritte Vorstellung bezeichnet, wie Simson mehrere Philister mit einem Kinnbacken erschlug, wie solches im 15. Kap. des Buches der Richter, Vers 15., 16. und 17. zu lesen ist.

Die vierte oder letzte Vorstellung auf dieser Seite, und zwar über den Plätzen der deutschen Schüler gegen die Orgel bezeichnet, wie Moses in der Wüste eine Schlange erhöht hatte. Moses steht mit strengem Gesichte vor einer an einem großen Kreuze aufgehängten furchtbaren Schlange, gegen welche er mit beiden Händen hinaufzeigt; neben ihm sitzt ein von Schlangen gebissener und wieder genesener Israelite mit struppigen grauen Haaren und Bart, der mit ausgestreckten Armen einen andern seiner Landsleute kommen und die Schlange ansehen heißt, welches dieser mit verbundenem Haupte und schüchternem Gesichte neben dem Kreuze knieend verrichtet. 4. Auch in Ansehung eines aufzurichtenden Ministeriums nahm der Magistrat solche Maaßregeln, welche ihm die Klugheit angab. von 1802 bis 1814 waren zwei,

Weil die erste Pfarrstelle nach dem Brand mit dem damit verbundenen Seniorat nicht wieder besetzt wurde, so hatte der erste Pfarrer in Speyer dem Beruf nach nur die Stelle eines zweiten Pfarrers, doch mit dem Titel eines wirklichen Consistorialis und Visitatoris des Gymnasii und sämmtlicher deutscher Schulen; der zweite versah die Stelle eines dritten Pfarrers, und der dritte war Diakon. Auch ist zu bemerken, daß der Magistrat den Johann Hübner von Ellstadt in der Zwischenzeit von 1689 bis 1698 aus gewissen Gründen als Interims-Pfarrer angestellt und besoldet hatte.

8. Joh. Wilhelm Pollmann, Sohn des ältern. Er war aus Ygsstadt im Darmstädtischen, und wurde als dritter Pfarrer am 23. Mai 1739 hieher berufen. Nach Schnells Tode wurde er den 21. August 1743 zweiter Pfarrer, und starb den 7. Mai 1748.

13. Joh. Georg Schulz von Speyer, geboren den 31. Oktober 1734. Er wurde berufen als Vikarius, und bald darauf vom hiesigen Consistorio am 30. Juni examinirt, am 6ten Sonntage nach Trinitatis ordinirt und präsentirt; den 31. Juni 1760 aber als Diakon berufen. Am 23. Sept. 1759 erhielt er den Ruf als dritter Pfarrer, worauf er am 26sten Sonntage Post. Fest. Trin., welcher auf den 19. Nov. fiel, vorgestellt wurde. vorgestellt. Im Jahre 1782 wurde er dritter, und im Jahre 1802 wurde er zweiter Pfarrer. Er starb am 21. Febr. 1803. (Hat mit seinem vorangegangen sel. Collegen einen gemeinschaftlichen Leichenstein; siehe dessen Inschrift Nro. 18.; beide liegen neben einander in seliger Ruhe.) Er war der Verfasser des evangelischen Speyers, und der letzte Pfarrer, der in demselben aufgezeichnet steht.

15. M. Joh. Adam **Mayer** von Nördlingen, geboren den 17. März 1756. Den Grund zu seinem Studium legte er auf dem Lyceum seiner Vaterstadt, worauf er die hohe Schule zu Erlangen besuchte, und das Studium der Gottesgelahrtheit unter dem rühmlichst bekannten Rosenmüller fortsetzte, und dieses Studium mit der Erlernung anderer nützlichen Kenntnisse verband. Als er mehrere Jahre in dem Hause des Hrn. Doktor Seiler Hauslehrer war, erhielt er einen Ruf nach Speyer im Jahre 1782, wo er am fünften Trinitatis-Sonntage als Diakon auftrat. Im Spätjahre 1802 wurde er dritter, und im Monate Februar 1803 zweiter Pfarrer. Bei der Einrichtung der Consistorien im Jahre 1804 erhielt er die Würde als Präsident des hiesigen Lokal-Consistoriums, in welcher er auch bis an sein Ende blieb. Auch war er mehrere Jahre Inspektor der hiesigen deutschen Schulen,

und ertheilte selbst in den Jahren 1803 und 1804 an dem hiesigen Gymnasium Unterricht.

Am 21. Juni 1782 wurde er von dem hochfürstl. Institute der Moral und schönen Wissenschaften auf der Friedrich-Alexanders Akademie zu Erlangen als ordentliches Mitglied ernannt; auch war er schon früher Mitglied des dasigen Prediger-Seminars. Am 2. Nov. nämlichen Jahrs wurde er in Erlangen als ordentlicher Doktor der Philosophie ernannt. Den 8. Februar 1796 wurde er als Mitglied in den Nürnbergischen Pegnesischen Blumen-Orden unter dem erwählten Namen Homeron-Adelphus, und mit der beigelegten Blume, Maienblume, als ordentliches Mitglied dieses löblichen Ordens aufgenommen.

In den kummervollen Jahren 1793 und 94 erwarb er sich besondere Verdienste um die damals halb verödete theils durch Flucht und Sterben menschenleere Stadt Speyer, indem er sich bei Abwesenheit des sich ebenfalls geflüchteten Magistrats mit andern redlichen Männern verband, um die auf seinen Mitbürgern schwer drückenden Lasten zu erleichtern, und so manche drohende Gefahr durch selbst eigene Aufopferungen bei Tag und Nacht abzuwenden suchte. Er unternahm eine beschwerliche Reise nach Schwaben und Franken, und predigte daselbst in den weiter unten benannten

Städten, um eine Collecte zur Unterstützung des evangelischen Kirchenwesens, die sich auf eine sehr ansehnliche Summe belief, zu erheben. Während er aber so im Auslande für die Unterstützung seiner Kirche in dem bedrängten Speyer sorgte, raubten ihm selbst die Franzosen in seiner Abwesenheit nicht nur seine Hausgeräthschaften, Möbels und dergl., sondern wurde auch von denselben im Jahre 1794 als Geißel nebst andern seiner Mitbürger nach Landau geschleppt*).

*) Im Jahre 1794 am 29. Dez. des Abends gegen 4 Uhr nahmen die Franzosen die Stadt Speyer zum zweitenmal in Besitz, wo ihnen sogleich zum Willkomm 1500 Pfund Brod, wie man es bei den Bäckern und in den Tischschubläden der Bewohner fand, nebst 50 Stücken Hornvieh und einige Ohm Brandtwein geliefert werden mußten. Noch in der Nacht wurden die sämmtlichen Stadtkassen auf Befehl des la Coste und Baudol ausgeleert; es fanden sich in den Kassen ohngefähr 8000 fl. vor. Am 31. Dez. wurde der Anfang mit der Ausleerung des Domkapit. Fruchtspeichers und des Weinkellers, in welchem sich 3000 Fuder Wein befunden haben sollen, so wie aller anderer Speicher und Keller gemacht. — So endete für Speyer das Jahr 1793.

Am 1. Januar 1794 wurden mehrere Heerden Schaafe aus den benachbarten Dörfern durch Speyer nach dem Elsaß getrieben. Am 8. Jan. 1794 wurde die

Am 21. wurden den Kaufleuten alle Tuch- und Colonialwaaren unentgeltlich weggenommen. Am 24. fingen die französischen Commissairs an, die Häuser der Ausgewanderten auszuplündern und den Raub in die schon zerstörte Domkirche zu bringen; und als alles Geraubte daselbst öffentlich um die niedrigsten Preise verkauft worden war, fingen sie an, auch die bürgerlichen und öffentlichen Stadtgebäude, selbst das Bürger-Spital und Waisenhaus auszustehlen, Thürme, Kirchen, Klöster und Häuser wurden abgedeckt und zu Magazinen und Ställen verwendet, die Domkirche zur Scheune der auf dem Felde geraubten Früchte benützt, und in derselben ausgedroschen. — Am 31. Jan. wurde den wenig anwesenden Bewohnern der Stadt eine Brandschatzung von 400,000 Livres innerhalb drei Stunden zu bezahlen aufgelegt, woran jedoch nur 164,648 Livres bezahlt wurden. Bei der zweiten mußte die Stadt 75,698, und bei der dritten Brandschatzung 17,457 Livres an die Franzosen bezahlt werden, wobei zugleich die Geißeln bis zur Zahlung dieser Summen nach Landau abgeführt wurden. nigsten Vergnügen die Wiederaufbauung derselben. Er stand jedem Kranken ohne Unterschied der Confession bei Tag und Nacht, besonders in jenen Tagen des Jammers, als ein treuer Seelsorger mit Trost und Hülfe bei.

Am Sonntage Judica predigte er das Letztemal und schloß, vielleicht mit einer geheimen Ahnung, daß dieses das Letztemal seyn möchte, seine Predigt mit dem Seufzer:

Herr Jesu! hilf du,
Auch mir dazu,
Daß ich eingeh' zu deiner Ruh! Amen!

Noch am Abend desselben Tages überfiel ihn ein heftiges Nervenfieber, die damals bejammernswerthe Geißel der Stadt und Umgegend, und machte seinem wirkens- und segenreichen Leben am sechsten Tage seiner Krankheit ein Ende. Er starb getrost und mit völliger Hingebung in Gottes Willen am 2. April 1814 des Nachts gegen 12 Uhr den Tod eines Frommen, nachdem er seine Lebenszeit auf 58 Jahre und 18 Tage gebracht hatte. — Sanft ruhe seine Asche!

Seine von ihm herausgegebenen Schriften sind folgende: Drei Bände Beichtreden am Krankenbette. — Ein Band allgemeiner Beichtreden. — Zwei Bände Betrachtungen über die Glaubens- und Sittenlehren.

Unter der Leitung seines sel. würdigen Vaters widmete er sich schon in früher Jugend dem theologischen Studium. Nachdem er auf dem damals noch blühenden Gymnasium seiner Vaterstadt einen rühmlichen Fleiß in seinem Vorbereitungsstudium angewendet hatte, ging er im Jahre 1793 auf die hohe Schule nach Tübingen, um sich daselbst zu einem frommen Prediger des Evangeliums zu bilden. Jahre 1796 kehrte er in seine Vaterstadt zurück, wo er als Lehrer an dem Gymnasium auftrat.

Als er ein noch in Tübingen erhaltenes Anerbieten einer Hofmeisterstelle in der Schweiz, wie auch während seiner Amtsführung als Lehrer mehrere andere dergleichen Gelegenheiten, und auch noch eine Pfarrstelle ausserhalb Speyer zu übernehmen aus Anhänglichkeit an seine Vaterstadt und in dem edlen Vorsatze, seinen schnell alternden Vater zu unterstützen, abgelehnt hatte, wurde er nach dem Tode seines Vaters im Jahre 1803 von der Gemeinde einstimmig zu ihrem dritten Pfarrer am 25. März erwählt, worauf er am 3. April desselben Jahrs, oder am Palmsonntage des Vormittags der Gemeinde als solcher vorgestellt wurde, und des Nachmittags seine Antrittspredigt über Röm. 1. V. 16. hielt.

Auf das im Jahr 1814 erfolgte Absterben des sel. M. und Präsidenten Johann Adam **Mayer**, wurde er zweiter (die erste Pfarrstelle wurde seit der Wiedererbauung der Stadt nicht wieder besetzt) Pfarrer, wobei er zugleich für den hochbejahrten Pfarrer **Wolf** in Weingarten, den Senior der Diözese, die Geschäfte des Präsidenten versah. Von diesem bis zum Jahre 1815 war er der **einzige** Pfarrer der damals noch bestandenen evangelisch-lutherischen Gemeinde in

christlichen Kirche, gegründet auf die Berathschlagungen und Beschlüsse der General-Synode in Kaiserslautern vom 2. bis 15. August 1818 unter dem 10. Oktober des gedachten Jahres die allerhöchste Sanction Sr. königl. Majestät MAXIMILIAN JOSEPH von Bayern erhalten hatte, so wurde diese Vereinigung in allen protestantischen Kirchen des Rheinkreises in Vollziehung gesetzt, und am 29. Nov. 1818, als am ersten Adventssonntage, auch von den protestantischen Bewohnern Speyers, in welcher Stadt die dasige Bürgerschaft im Jahre 1525 den Vortrag eines reinen Wortes Gottes und Abschaffung einiger bis dahin gelehrter Gebräuche in der Kirche verlangten, und wo im Jahre 1529 die Bekenner der evangelischen Lehre und der wiedererlangten Glaubensfreiheit den Namen Protestanten erhielten, ein solches Vereinigungsfest feyerten.

*) Der diese Kirche umgebende evangelische Begräbnißplatz liegt an der nordwestlichen Seite der Stadt; das Terrain desselben enthält ohngefähr 3½ Morgen Land. An der Ost- und Nordseite dieses Leichenfeldes war früher ein gewölbter sogenannter Kreuzgang zum Begräbnisse für Standespersonen erbaut; auch befinden sich an der Ostseite des Kirchhofes gleich neben dem alten Thore die Todtengrüfte der respektiven Weltz- und Trappischen Familien. Die Überbauungen derselben wurden nebst dem besonders schönen Grabmal des weil. Herrn Bürgermeister Weltz (davon weiter unten) durch die Franzosen im Jahre 1794 zerbrochen. — Im Laufe des Monats Oktober 1833 ließ Frau Anna Regina Trapp, in Triest wohnend, eine geborne Friedel von Speyer, zum Andenken ihres in dieser Gruft ruhenden Schwiegervaters, des weil. Herrn Jos. Heinrich Trapp, gewesenen Bürgermeister der freien Reichsstadt Speyer, dieselbe auf ihre Kosten renoviren; welches auch gewiß von der verehrlichen Weltzschen Familie zu erwarten ist.

Im Spätjahre 1833 wurde das neue Kirchhofthor an der Feldstraße bei Gelegenheit der Ausfüllung des dort befindlich gewesenen tiefen Stadtgrabens erbaut. Die erste Leiche, welche durch dieses neue Thor zu ihrer seligen Ruhe getragen wurde, war Jungfrau Elisabetha Magdalena Bühler gewesen. Enthält ein biographisches Verzeichniß der evangelischen Pfarrer und Diakone zu Speyer von 1818 bis 1834.

a) Von den Pfarrern.

1. G. Georg Fried. Wilh. Spatz von Speyer trat in Folge der kirchlichen Vereinigung der Protestanten als Dekan der Diözese Speyer und evangelischer Prediger, am 29. November 1818 der Kirche bei und verwaltet noch sein Amt unter uns.

*) Durch eine von den Franzosen im Jahre 1793 dieser Kirche aufgedrungene Entehrung (die Clubisten trieben ihr Wesen daselbst) erhielt sie ihre Fenster und Orgel und blieb unbeschädigt, doch mußte sie eine von ihren zwei Glocken hergeben.

2. Dr. Georg Friedrich Wilhelm Schultz von Speyer trat ebenfalls in Folge der Vereinigung am 29. November 1818 dieser Kirche bei. Er begleitet ebenfalls noch sein Amt unter uns. — Beide waren früher der Augsburgischen Confession zugethan.

3. Jakob Lukas Weyer von Essenheim bei Mainz, geboren den 17. August 1771. Dieser entschlafene würdige Geistliche war der letzte Prediger der ehemal. reformirten Gemeinde in Speyer. Nach Beendigung seiner akademischen Laufbahn in Heidelberg wurde derselbe am 4. April 1791 examinirt, bald darauf ordinirt und als Pfarrvicar bei den Gemeinden Rohrbach und Kirchheim in der Nähe von Heidelberg angestellt, wobei er zugleich den Prediger bei der St. Peterskirche in Heidelberg unterstützte (d. i. bei seinen geistlichen Verrichtungen an die Hand ging). Im Spätjahre 1795 kam er als Pfarrvikar nach Schwetzingen, und am 20. Februar 1796 ernannte ihn Maximilian Joseph, König von Bayern, als damaliger Herzog von Zweibrücken, zum Pfarrer in Frei-Laubersheim bei Kreuznach. Aus Liebe zur dortigen Gemeinde lehnte er den Ruf in eine der Hauptstädte seines Vaterlandes ab. Im Jahre 1800 folgte er wiederholten Einladungen nach Kreuznach, und wurde daselbst zum Präsidenten der Consistorial-Kirche Kirchberg ernannt. Aus Rücksicht auf die Kreuznacher entsagte er dieser

Beförderung, und blieb daselbst, bis ihn die kaiserl. königl. österreichische und königlich bayerische Landes-Administration im Jahre 1815 am 17. Oktober nach Speyer berief. Hier erhielt er am 8. Mai 1816 seine Ernennung als Mitglied des protestantischen General-Consistoriums. Er half durch getreuliches Mitwirken die Vereinigung der beiden protestantischen Gemeinden bewerkstelligen und erlebte noch, aber auf das Krankenbett gefesselt, das feierliche Fest der kirchlichen Vereinigung. Tief und allgemein war daher die Rührung, womit an diesem Feste bei jeder Anspielung und insbesondere bei der Fürbitte für den damals in jener Stunde mit dem Tode kämpfenden würdigen Prediger die Anhänglichkeit der Gesammtgemeinde sich zu erkennen gab. Es war dieser Gemeinde um so schmerzlicher, ihn gerade jetzt zu vermissen, je inniger er sich auf diesen Tag gefreut hatte. Seine Stelle als erreformirter Prediger versah am Altare und bei der Abendmahlsfeyer Decan Brückner aus Edenkoben. An das Siechbette gefesselt, hob er seine zitternde Arme empor, und ein sehnender Morgengruß an dieß Gotteshaus (Dreieinigkeitskirche) und die darin versammelte Gemeinde war: „Friede, Friede sey mit euch!“

Er starb am 30. Nov. 1818 als Pfarrer der protestantisch-evangelisch-christlichen Gemeinde. — Sein Leichentext war: Hebr XIII, Vers 7.*)

4. Dr. Philipp David **Müller** von Mimbach bei Zweibrücken. Er wurde geboren am 8. Januar 1773. Nachdem er in jüngern Jahren durch einen rühmlichen Fleiß sich vorzügliche Kenntnisse in dem theologischen Fache erworben hatte, besuchte er die hohe Schule zu Marburg von 1793 bis 1795, worauf er nach seiner Zurückkunft zuerst zweiter Pfarrer in Mimbach, dann Bezirks-Schulinspektor und adjungirter Distrikts-Inspektor wurde.

Im Jahre 1819 ging er als Consistorialrath und Pfarrer nach Speyer, und am 11. Nov. 1822 ertheilte ihm die theologische Fakultät zu Erlangen die Doktorwürde „ob praeclarae eruditionis laudem, scriptis liturgicis confectis digestisque, probata omnis-

b) Namens-Verzeichniß der evangelischen Diakonen in Speyer von 1821 bis 1834.

Im Jahre 1820 wurde das wegen Mangel an Fond im Jahre 1802 aufgehobene Diakonat für die vereinigte evangel. christliche Kirche in Speyer wieder hergestellt, und mit den nachbenannten Diakonen von 1821 bis 1834 wieder besetzt, nämlich durch

1. Joh. Phil. Geul von Bellheim, Diakon in Speyer von 1821 bis 1822, da er Pfarrer in Ober-Miesau wurde.
2. Christian Ludwig Müller von Odenbach, Diakon in Speyer von 1822 bis 24, da er Pfarrer in Otterberg wurde.
3. Joh. Conrad Geib von Duchroth; er war Diakon, Stadtvikar in Speyer und Pfarrer in Mechtersheim, bis er im Jahre 1829 Pfarrer in Leinsweiler wurde.
4. Carl Friedrich Butenschoen, geboren in Colmar im Elsaß den 11. Mai 1802. Er kam mit seinem Herrn Vater, Kreis-Schul- und Consistorialrath Butenschoen, nach Speyer, und studierte in Heidelberg und Erlangen. Im Jahre

1829 wurde er Pfarrverweser in Mechtersheim und Stadtvikar in Speyer, bis er im Monate März 1831 Pfarrer in Neuhäusel wurde.

5. Karl Ludwig Roos, geboren in Biedesheim den 4. August 1797. Er war Lehrer der französischen Sprache an der königlichen Studienanstalt zu Speyer. Nach einem königl. Reskript vom 8. März 1831 wurde er Pfarrer in Mechtersheim und Stadtvikar in Speyer. Am 1. Oktober 1832 trat er als Pfarrer in Haardt bei Neustadt auf.
6. Carl Friedrich Schimper, geboren zu Cusel den 2. Nov. 1802. Er kam in der nämlichen Eigenschaft des Vorhergehenden an dessen Stelle am 17. Dez. 1832 nach Speyer. Er begleitet noch sein Amt bis jetzt unter uns; möchte auch ihm, wie seinen Vorgängern, bald eine recht ersprießliche Pfarrei zu Theil werden!

So trugen nun in einem Zeitraume von 278 Jahren, oder vom Jahre 1556 bis 1834 sechsundsechzig evangelische Prediger in acht, seit damals bis jetzt innegehabten Kirchen, der evangelischen Bürgerschaft in Speyer die Lehre von Jesu und dem göttlichen Reiche vor. a) Beschreibung des Reformations-Jubiläums-Festes zu Speyer Anno 1717. *)

Den Abend vor jenem Feste, als am 30. Oktober 1717 wurden von 6 — 7 Uhr alle Glocken geläutet.

---

*) Von der speyerer Jubelfeier 1717 findet sich, so viel mir bewußt ist, keine umständlichere Beschreibung mehr vor, aber es ist noch eine goldene viereckige Denkmünze vorhanden, welche die Aufschrift trägt: Evangelii repurgati Anno MDXVII. nummus jubilaeus. Anno MDXVII. Auf der Kehrseite sieht man den Dom mit der Umschrift: Erhalt Herr bey deinem Wort die Stadt Speyer.

Vom Jahre 1717 haben sich 3 Speyerer silberne Denkmünzen erhalten.

1) Eine große runde, etwa 1 fl. 12 kr. an Werth. Auf einer Seite ein Tisch, vom Auge Gottes bestrahlt; auf demselben eine aufgeschlagene Bibel mit den Buchstaben V(erbum) D(ei) M(anet) I(n) A(eternum). Neben diesem Buche steht ein brennendes Licht. Unter dem Tische liegt ein verschlossenes Buch; wahrscheinlich um die dunkle, in Glaubenssachen beengte Vergangenheit damit anzudeuten. Unten liest man die Worte: Es wird bestehen, nicht untergehen L. K. Die Umschrift auf dieser Seite sagt in zwei untereinander stehenden Zeilen: Da Gottes Wort darnieder lag, brachte es Lutherus an den Tag. — Auf der Kehrseite steht der Dom mit der Jahrzahl 1717. Die äusserste Umschrift

2) Eine kleine viereckige Denkmünze mit der Inschrift: AnDeres JahrhVnDert von anfang Der LVtherisChen Lehr (1717). Auf der Kehrseite: Der Stadt Speyer Jubelmünz. 1717.

3) Eine größere gleichfalls viereckige Denkmünze mit der Inschrift: Nummus jubilaeus senatus libera civitatis Spirensis 1717. Umschrift: MartinVs LVtherVs theologiae DoCtor. Auf der Kehrseite ein Altar mit aufgeschlagener Bibel und einem Kelche. Darüber das Wort Jehova mit hebräischen Buchstaben in den Wolken mit der Umschrift: Die reine Gotteslehr, vergehet nimmermehr.

Das Vorhaben des weil. hiesigen Bürgers und Beigeordneten des Oberbürgermeisteramtes, Hrn. Carl Alexander Holtzmann, für das Jubeljahr 1817 eine ähnliche Denkmünze aus Rheingold prägen zu lassen, ist leider an verschiedenen, nicht vorherzusehenden Hindernissen, oder doch Schwierigkeiten gescheitert. Bürger der Stadt versammelten sich auf ihren Zunfthäusern, zogen in Ordnung vor dem eben besagten Hause auf, wo sich der Magistrat eingefunden hatte, und stellten sich daselbst nach dem Rang der Zünfte auf. Um halb acht Uhr des Morgens trafen die Pfarrer Joh. Wilhelm Pollmann d. ä. und Joh. Christoph Hoffherber nebst den Lehrern der lateinischen und deutschen Schulen mit ihren Schülern vor eben besagtem Hause ein. Von da aus ging der Zug unter Glockengeläute und unter Absingung des frommen Liedes: Allein Gott in der Höh' sey Ehr'! von der sämmtlichen Schuljugend und der Bürgerschaft ganz langsam und feierlich die Hauptstraße hinauf und zum Hauptportal der schönen Dreieinigkeitskirche hinein; die obenbenannten beiden Geistlichen trugen die kirchlichen Tauf- und Abendmahlgefäße, und mit Trompeten- und Paukenschall wurde der Zug in der Kirche begrüßt. Der vormittägliche Text war: 1. B. der Könige 8, V. 28., 29., 30. Nach der Predigt fand eine Tauf-, dann die Abendmahlshandlung, und endlich eine Trauung statt. Zum Schlusse des Gottesdienstes war wieder Trompeten- und Paukenschall. Der Nachmittagstext war Joh. 1, V. 6., 7., 8., 9. Am Schlusse wieder Trompeten- und Paukenschall. Das Nämliche fand bei Eröffnung des Gottesdienstes am zweiten Festtage statt. Statt der Epistel am Altare wurde

das 2. Kapitel des Briefes an die Epheser gelesen. Zum Texte diente Röm. 3, V. 23 — 29. Nachmittags Jeremiä 15, V. 16. — In jedem dieser Gottesdienste wurde eine feierliche Kirchenmusik aufgeführt. Der dritte Festtag wurde mit einer solennen Schulfeierlichkeit begangen, bei welcher Lehrer und Schüler passende Reden hielten. Die Jugend erhielt einen eigens zu dieser Feier gedruckten kurzgefaßten Auszug aus der Reformationsgeschichte.

b) Die Feyer des dritten evangelischen Reformations-Festes zu Speyer 1817.

Zur Einleitung in die dritte Reformations-Jubiläumsfeier am 31. Okt., so wie am 1. und 2. Nov. 1817 wurde schon am 19. Okt. eine Bekanntmachung dieses Festes in der Dreieinigkeitskirche, und eine ähnliche in der ehemaligen reformirten, jetzt heil. Geistkirche von der Kanzel verlesen, und am 26. Okt., oder am 21. Trinitatissonntage in beiden Kirchen wiederholt.

Am Tage vorher, nämlich Donnerstags den 30. Okt. um 1 Uhr des Nachmittags hielt Dekan Spatz Vorbereitung zum heil. Abendmahl. Am Abend desselben Tages um 6 Uhr verkündete das Geläute der Glocken in beiden Kirchen die Feier des kommenden

Festes. Am 31. Okt. 6 Uhr Morgens ward wieder zur Bezeichnung des Festes geläutet. Um 8½ Uhr versammelten sich die evangelischen Schüler des Gymnasiums und der deutschen Schulen, um unter Anführung ihrer Lehrer während dem zweiten Geläute paarweise in ihre Kirchen zu ziehen. Um ¼ nach 9 Uhr begann der feierliche Gottesdienst in beiden Kirchen. Dr. Schultz predigte in der Dreieinigkeitskirche über Psalm 118, V. 24 bis 27. und Kirchenrath Weyer predigte über denselben Text in der heil. Geistkirche.

In der Dreieinigkeitskirche feierten die beiden Prediger das heil. Abendmahl mit der Gemeinde.

Um 2 Uhr Nachmittags predigte Dekan Spatz in der Dreieinigkeitskirche über Koloss. 3, V. 14—17., wobei das Lied: „Mein Glaub' ist meines Lebens Ruh',“ und zum Schlusse die Strophen 1. und 5. aus dem Lied: „Auf ihrem Felsengrunde steht,“ gesungen wurden. — In der reformirten Kirche predigte Kandidat Fuchs über Koloss. 3, V. 14 bis 17.

Um 6 Uhr Abends hielt Dr. Schultz in der festlich beleuchteten Dreieinigkeitskirche zur Gedächtnißfeier der vor hundert Jahren am 30. Okt. geschehenen Einweihung derselben, eine mit Gebeth, Reden und Chören abwechselnde Abendandacht, wozu die Gesänge besonders gedruckt, gratis ausgetheilt wurden.

Am 1. November Nachmittags katechisirte Dekan Spatz über die Reformationsgeschichte von 9 bis 10 Uhr in der Dreieinigkeitskirche, und Kirchenrath Weyer über denselben Gegenstand in der Kirche zum heil. Geiste. Die vorgefallenen Tauf- und Trauhandlungen wurden von den beiden Kirchenräthen Schultz und Weyer von jedem in seiner Kirche am Schlusse der Katechisationen besorgt.

Die Schuljugend beider evangelischen Gemeinden zog während des Geläutes mit ihren Lehrern in ihre Kirchen.

Am 2. Nov. um 8½ Uhr Morgens predigte Dekan Spatz in der Kirche zum heil. Geist über Thessal. 5, V. 22., 23. Um 10 Uhr fing der Gottesdienst in der Dreieinigkeitskirche an, und der reformirte Kirchenrath Weyer predigte in dieser Kirche über den nämlichen Text.

Nach Beendigung des Gesanges wurde der Segen gesprochen. Nach einem kurzen Vorspiel begann ein anderer Gesang, wo während der zweiten Strophe des Gesanges die drei Geistlichen (2 luther.: Spatz und Schultz, und der reformirte Geistliche, Weyer) an den Altar traten und fünf Kandidaten die Ordination ertheilten. Dr. Schultz hielt die Anrede und Kirchenrath Weyer die Schlußrede. Die drei Prediger vereinigten sich in der Händeauflegung, worauf zum Schlusse

die dritte Strophe des hierzu besonders gedruckten angefangenen Liedes gesungen und der Segen ertheilt wurde.

Um 3 Uhr Nachmittags predigte Dr. Schultz in der Dreieinigkeitskirche über Ephes. 5, V. 9.

Am ersten und zweiten Festtage wurden die Opferbecken aufgestellt. Sonntags geschah die Sammlung des Opfers wie gewöhnlich, welches zur Verbesserung des Kirchen- und Schulwesens verwendet wurde. Endlich wurde am 2. Nov. Abends 6 Uhr das Ende des Festes durch das Geläute der Glocken in beiden evangelischen Kirchen bezeichnet.

Eine besondere Ehrenerwähnung gebührt hier der, in der Zwischenzeit dieser Bekanntmachung und dem Feste, beim königlich protestant. General-Consistorium des Rheinkreises eingereichten Urkunde, in welcher die Mitglieder der reformirten Gemeinde durch die Namensänderung ihrer Kirche auf eine höchst rühmliche Weise dem gegenwärtigen Zeitbedürfniß zu huldigen wußten. Der Inhalt der diese Urkunde begleitenden Zuschrift ist wörtlich folgender:

„Die Unterzeichneten haben die Ehre, Einem kö„niglichen General-Consistorium hiemit zu eröffnen, daß „die reformirte Gemeinde in Speyer ein kleines Scherf„lein zur würdigen Feier des dritten Säcular-Festes „der Reformation liefern zu können sich schmeichelt,

Die Vorsteher und angesehensten Mitglieder der Kirche z m heiligen Geist unterschrieben: J. Lukas Weyer, d. Z. Prediger dieser Gemeinde. — Jakob Spitzer d. ä. — L. Ruutz. — Adam Disque. — Fried. Müller. — Matth. Eppler. — Nicol. Freytag.

Je näher indessen die festlichen Tage herbeikamen, desto wärmer und thätiger wurde der Eifer, womit man in beiden evangelischen Gemeinden diese Jubelfeier auch äusserlich zu erhöhen und zu verschönern suchte. Ganz besonders bewährte er sich in den reichlichsten Beiträgen, welche die Mitglieder der Dreieinigkeitskirche zur glänzenden Beleuchtung und angemessenen Verzierung

ihres schönen Gotteshauses, am Gedächtnißabende seiner vor 100 Jahren geschehenen Einweihung, freiwillig darbrachten. Den ganzen festlichen Tag des 31. Okt. hindurch waren ohne obrigkeitliches Gebot die öffentlichen Gewerbe und Buden geschlossen; und eine tiefe Stille in den Straßen bezeichnete auf die rühmlichste Art, nicht nur die religiöse Stimmung der dieses Fest feiernden evangelischen Christen, sondern sie stellte nicht weniger auch die edle Denkweise und den brüderlichen Gemeinsinn der diese Stadt bewohnenden andern christlichen und nichtchristlichen Religionsverwandten in das vortheilhafteste Licht*).

In dem schönsten Glanze zeigte sich die Beleuchtung in der Abendstunde, wo die Genossen der Drei, einigkeitskirche sich zum Jubelfeste ihres Gotteshauses versammelten; und obgleich der Raum desselben nie eine größere Menschenmenge aller Glaubensbekenntnisse umfaßt hatte, so herrschte dennoch die tiefste Stille, während der mit Chören begleitenden, aufgeführten

*) Beinahe 300 evang. Christen erschienen am 30. Okt. zur Vorbereitung in der Dreieinigkeitskirche, um am folgenden Tage das heil. Abendmahl zu feiern. feierlichen Kirchenmusik, der Predigt und der Gebethe. In Flammenschrift kündigte von aussen das erleuchtete Portal die hohe Bedeutung der Abendfeier mit den Worten an: „Segnend verewigt sich, wer für den Ewigen bauet.“ Viele hundert Kerzen und Lampen erhellten die Seitenwände, Emporbühnen und Stühle der Kirche. Eine Reihe von Kronleuchtern hing mitten längs dem breiten Gange von dem Portal bis gegen den Altar; zwei Kronenleuchter hingen ober demselben, und zwei andere warfen ihr Licht auf beide Seiten der Kanzel. Vor dem Altare loderten Opferflammen zum Andenken an die verewigten Stifter dieses Gotteshauses. Auf der rechten Seite des Altars brannte die Inschrift: „Ich kenne auch nicht den Luther, will ihn auch nicht kennen; ich predige auch nichts von ihm, sondern allein von Christo. (Luth. Tom. VI. Wittemb. pag. 365.)“ Auf der linken Seite: „Wo Kirchen und Schulen wohl stehen, da wird Christus der Obrigkeit wiederum wohl wissen reichlich zu danken. (Mart. Luther, Psalm 11, V. 10.) Oberhalb dem Crucifix war ein Opferaltar, über welchem sich zwei Hände umschlangen, mit der Umschrift: „Nicht Paulisch nicht Apollisch. Einer ist Euer Meister: Christus.“

Der zu einer Katecheſe über die Reformationsgeſchichte beſtimmte 1. November führte aufs Neue wieder eine bedeutende Anzahl Chriſten in beide evangeliſche Kirchen, wo Väter und Mütter, beſonders im Anblicke ihrer Kinder, eine dem Herzen wohlthuende Stunde feierten. Die Andacht und Rührung, womit am Schluſſe der Katecheſe, die verſammelte Gemeinde in oft beſagter Dreieinigkeitskirche, bethend und ſingend, einer dreifachen Taufhandlung beiwohnte, konnte zum unwiderlegbaren Beweiſe dienen, wie viel dergleichen gottesdienſtliche Handlungen an Feierlichkeit und heilſamem Eindrucke gewinnen würden, wenn man ſie, ſo oft es geſchehen kann, öffentlich, und nicht blos etwa vor den nackten Tempelwänden, veranſtaltete. Möge dieſer Beweis, der ſich am 2. November nach geendigtem Nachmittagsgottesdienſte in der oben benannten Kirche bei gleicher Gelegenheit wiederholte, in den Herzen aller Anweſenden die Überzeugung hervorgebracht haben, daß chriſtliche Eltern, weß Standes ſie ſeyen, ſich einen der ſchönſten Augenblicke bereiten, wenn ſie im Angeſichte der mit ihnen und für ſie bethenden Gemeinde, ihre neugebornen Lieblinge dem Ewigen darbringen. Mit ähnlicher Feierlichkeit fand auch in der heil. Geiſtkirche nach geendigter Katecheſe eine Taufhandlung ſtatt.

Wo möglich noch zahlreicher, als an dem ersten Festtage, war am 2. Nov., nach oben angegebener Ordnung der Gottesdienst in beiden evangelischen Kirchen, und des Nachmittags noch einmal in der Dreieinigkeitskirche besucht, wo sich um 4 Uhr des Abends die kirchliche Feierlichkeit mit frommem Gesange für König und Vaterland unter Trompeten- und Paukenschall endigte. Sichtbar wirkten die Worte des Friedens und der Liebe, welche die in den Frühstunden wechselnden Prediger, jeder zu einer ihm bisher fremden, aber von diesem Tage an auch seinem Herzen zugewiesenen Gemeinde sprachen. Feierliche Musik verherrlichte den Gottesdienst in der Kirche zum heiligen Geist.

Einen höchst rührenden Eindruck auf die in oft berührter Dreieinigkeitskirche um 10 Uhr versammelten Gemeinde, machte die Ordinations-Handlung. Zwei Predigtamts-Kandidaten von der reformirten und drei von der Augsburgischen Confession*) empfien-

Der Geist einträchtiger Liebe und des gegenseitigen Vertrauens, womit diese Handlung gefeiert wurde, sprach sich vor und bei dem Hingange zum Opfer der Einsegnung mit unverkennbarer Herzenserhebung in dem für diese Festtage gedichteten Liede aus: „Schon weicht die finstre Mitternacht.“

Reichliche Opfer in jedem der Gotteshäuser während diesen 3 Tagen gesammelt, gaben den Lehrern und Vorstehern der beiden Gemeinden die süße Genugthuung, daß der Aufruf: für Kirche und Schulen! Herzen und Hände öffne, und daß auch der Ärmste freudig sein Scherflein bringe, wenn die Beförderung des Gemeinwohls Anspruch auf milde Gaben macht. Die Freigebigkeit, welche sich auch bei dieser Gelegenheit zeigte, war um so bemerkenswerther, da die Kirche zum heil. So endete diese unvergeßliche Festfeier, und die Genossen derselben werden noch spät, nicht ohne Freudenthränen, ihren Kindern und Enkeln davon erzählen. Drei der schönsten Tage unsers Lebens sind mit ihr hinabgeflossen ins Meer der Ewigkeit. Gott gebe, daß die wohlthätigen Eindrücke, die sie in unserm Gemüthe zurückließen, mit belebender Kraft auf Kinder und Kindeskinder noch fortwirken und einst, bei der Wiederkehr dieser Tage, die Losung zu einem vielleicht wohl glänzenderem, aber gewiß nicht herzlicherm Jubelfest werden mögen. Wir setzen, Sterblicher! bei noch gesunden Tagen
Hier diesen Leichenstein, dir, und uns selbst zur Lehr,
Ganz ferne sey von uns, hier Eigenlob zu sagen,
Und daß wir suchten nur bei Menschen Lob und Ehr.
Ach nein, o großer Gott! Schenk allen die dieß lesen,
Und uns von diesem an nur diese theure Gnad,
Daß wir in wahrer Buß und rechtem Glaubenswesen,
Uns schicken auf den Tod, nach deinem Gnadenrath.
O laß uns jetzund schon gedenken an das Ende,
Laß uns absterben stets der Sünde und der Welt.
So geben wir die Seel' in deine Hände,
Die Leiber auch hier diesem Todtenfeld.
Nun Jesu unser Heyl, Licht, Auferstehung, Leben,
Wann unsre Leiber hier in dieser Erde seynd
Wollst du denselbigen einst jene Klarheit geben,
Daß Leib und Seel' mit dir dort seyen ganz vereint.
Indessen schlafen wir hier als zwei arme Sünder:
Doch daß wir seyen hier und dorten Gottes Kinder.

Solches spricht einer im bittersten Elend erzeugt und geboren den 17. April. 1691. Seine Ältern waren verjagte verbürgerte von Speyer. Im Exilio zu Butzbach damals sich aufhaltende. Er war erzogen als ein armer Waise, oft kümmerlich, doch miltiglich von Gott besorgt. Er sammelte in hiesigen Schulen nicht mehr als was in den Jahren 1700 bis 1706 darinnen ausgesäet worden. Er erlernte eine geringe Profession seinem Nächsten damit zu dienen und sich auf dieser Welt damit ehrlich zu ernähren. Sein angefangener Bürgerstand war mühselig und säuerlich, jedoch Gott zeigte ihm, und denen so ihn kennten, daß sein Wort und seine Verheissungen wahrhaftig seynd. Gott gab ihm bald an zeitlichen Gütern keinen Überfluß, aber mehr als er sich jemals gewünscht hat. Gott gab ihm Gnade und führte ihn durch alle Ämbter bis zur höchsten Ehrenstufe hiesiger Stadt. 24) M. Th. L. Jordan von Schorndorf aus dem Würtembergischen, kam den 20. Sept. 1790 als Conrector an Heynemanns Stelle. Er ging aber bald wieder in sein Vaterland zurück.

Unter diesen Ereignissen nun, daß Fried. Braun als Pfarrer von hier weg, Jordan in sein Vaterland zurück ging, Heynemann starb und Ludwig Braun an die deutsche Schule kam, schien es, als ob das Gymnasium unter solchen Verhältnissen sich unverzüglich auflösen wollte; es wäre solches in jenen Tagen des für Speyer allgemeinen Elendes und der Noth ohnfehlbar erfolgt, wenn nicht durch uneigennützige Thätigkeit und treuen Eifer des weil. Joh. Fried. Wilhelm Spatz, und besonders des dermal. würdigen Dekans und Stadtpfarrer Herrn Georg Fried. Wilh. Spatz, mit dem unvergeßlichen M. Johann Adam Mayer ein gemeinschaftlicher, ununterbrochener Unterricht an dem Gymnasium bis zum Spätjahre 1804 fortgesetzt worden wäre.

Der letzte Lehrer des reichsstädtischen evangel. luth. Gymnasiums zu Speyer war demnach

25) G. Georg Fried. Wilhelm Spatz von Speyer. Geboren den 5. Okt. 1776. Sein Unterricht am Gymnasium begann 1796, welchen er bis in den Herbst 1804 fortsetzte; da er nun ohnehin schon im Jahre 1803 von der lutherischen Gemeinde in Speyer als Pfarrer erwählt worden war, so resignirte er Anno 1804 diesen Dienst, worauf das Gymnasium in eine école secondaire verwandelt wurde, und eine andere Einrichtung erhielt, die jedoch von keiner langen Dauer war, sondern zum Besten der studirenden Zöglinge in eine zweckmäßigere Studien-Anstalt umgeschaffen wurde.

Denn als durch die siegreichen Waffen der hohen verbündeten Fürsten und Völker der sehnlichst gewünschte Friede endlich erkämpft und das linke Rheinufer Anno 1815 mit Deutschland wieder vereinigt und dem milden Scepter Bayerns, unter der Benennung „Rhein-Bayern“ zugetheilt wurde, sorgte alsbald Bayerns allverehrter Herrscher nicht nur in diesem Kreise neben den schon bestandenen Lehr-Anstalten, auch für einen bessern und zweckmäßigern Lehr-Unterricht in der hiesigen Stadt, und besetzte denselben mit respekt. würdigen Herren Professoren und Lehrern, die vereint und aus allen Kräften mit dem dieser Studien-Anstalt vorgesetzten würdigen und allgemein

verehrten königlichen Hofrath und Lyceal-Director, Herrn GEORG JAEGER, bemüht sind, den Grund zu allen schönen und nützlichen Wissenschaften bei den ihnen anvertrauten Zöglingen zu legen und zu fördern, und dabei unermüdet sich bestreben, den gesunkenen religiösen Sinn wieder neu zu beleben, damit derselbe, verbunden mit Weisheit, Tugend und einem ungestörten Frieden zu einem beglückenden Bürgerwohl führen möge:

Denn nur, wo Friede blüht,
Blüht auch der Bürgerstand:
Da nützt Gewerb und Kunst,
Dem ganzen Vaterland.
